Subject: Re: Farview Pole Petition

Stephanie,

I would recommend that the continued public hearing be formally reopened, the e-mail sent by WMECO be read into the record, the public hearing closed and then a motion by the select board accepting the withdrawal of the WMECO request to move the subject poles on Farview street.

Judith, can you set the motions up on the draft agenda and motion sheet?

Larry

Subject: Farview Pole Petition

Mr. Shaffer,

Regarding Farview St. in Amherst, it is no longer WMECO's intent to request pole petition rights. WMECO will also not be exercising the rights granted in November 2008 by the Amherst Board of Selectmen to place electrical conductors in an underground conduit system. This method is not preferable construction for this application as it creates terminations which are more prone to lightning failure. WMECO will be replacing existing equipment with comparable construction.

Please contact me with any other questions or concerns.

Thank you,
