**TABLE 3 – DIMENSIONAL REGULATIONS FOOTNOTES**

- a. Requirement may be modified under a Special Permit, issued by the Special Permit Granting Authority authorized to act under the applicable section of this bylaw. In applying the criteria established in Section 10.395, the Special Permit Granting Authority shall consider the proposed modified dimensional requirement in the context of the pattern(s) of the same dimensions established by existing buildings and landscape features in the surrounding neighborhood.
- b. Applies to Residence Uses only (Section 3.32). In the *NAVC, AC, B-G, B-VC* and *B-N* Districts, the Basic Minimum Lot Area shall apply only to the first dwelling unit on the ground floor of subdividable dwellings and converted dwellings. For townhouses, apartments, buildings containing dwelling units in combination with stores or other permitted commercial uses, and other permitted multi-unit residential uses in these districts, the Basic Minimum Lot Area, Additional Lot Area/Family, and Basic Minimum Lot Frontage requirements shall not apply.
- c. Applies to any part of a building which is within 200 feet of the side boundary of a Residence District abutting on the same street within the same block; otherwise, no front setback is required.
- d. A side yard need not be provided on one side of a single family dwelling if it shares a party wall or double wall with a single family dwelling on the next lot built at the same time.
- e. Rear and side yards shall be at least 20 feet when the affected property is adjoining a Residence District. Otherwise, rear and side yards are not required, but if provided, shall be at least 10 feet.
- f. Except as may be otherwise provided for specific uses, rear and side yards shall be at least 50 feet when the affected property is adjoining a Residence District. Otherwise, rear and side yards shall be at least 10 feet.
- g. See Section 6.15 for interpretation.
- h. A buildable lot shall contain either 90% of its total lot area, or 20,000 square feet, in contiguous upland acreage.
- i. Substitute the dimensional requirements in Section 4.332 for 10% affordable projects within cluster subdivisions only.
- j. 85% in any *B-L* District adjacent to the *B-G* District, and along University Drive; 70% in any other *B-L* District and in the *COM* District.
- k. Requirements may be modified under a Site Plan Review approval granted for a cluster subdivision.
- l. The dimensional regulations shown in Table 3 shall apply to all educational and religious uses located in the zoning districts listed, except as provided for in Section 6.6.
- m. In addition to the areas required by this table for any existing dwelling units on the lot, the density for new town houses (Section 3.322) and apartments (Section 3.323) shall not exceed one dwelling unit per 4,000 sq. ft. of the remaining lot area, or in the case where there are no existing dwelling units, 4,000 sq. ft. for each new dwelling unit beyond the first unit.
- n. See Section 6.19 for interpretation. *In the AC and NAVC Districts, the following shall apply: 1) one story buildings shall be a minimum of 16 feet in height on the front elevation facing the street yard, and, 2) for a Civic, Commercial, or Mixed Use building with the maximum number of floors and where a pitched roof is proposed, the Special Permit Granting Authority or Permit Granting Board may allow a modification in maximum height, if it determines that: a) a pitched roof will serve compelling reasons of safety, aesthetics or design, b) the maximum number of floors is not exceeded, c) the top floor does not exceed 12 feet in height, and d) the overall height of the building does not exceed eight (8) feet above the maximum.*
- o. See Section 6.18.
- p. *The AC and NAVC Districts are classified as Form-Based Districts (FBD). Dimensional Regulations for FBD in Article 16 are based on individual building and lot types as defined below. Minimum Lot Frontage and Minimum Building Façade Occupation requirements may be modified under footnote "a" above by Special Permit issued by the Special Permit Granting Authority authorized to act under the applicable section of this Bylaw.*
