At 9:19 a.m., Chair Slaughter called the meeting to order.

The members discussed their individual opinions of what was working well and what could be done better. They reviewed the roles of the Select Board with regard to staff and the Town Manager.

They noted the desire for a shared agenda planning tool that all members could access to see what items were coming up future Select Board agendas. They also discussed some of the items that they identified as priorities and which could be accomplished in the first three months of 2018 and which could be accomplished in the final nine months.

Mr. Steinberg moved to adjourn at 1:30 p.m. Ms. Kruger seconded the motion and it passed unanimously.

Respectfully submitted,

Paul Bockelman  
Town Manager
