Annual Town Meeting
April 24, 25, May 1, 8, 15, 16, 20, 22, 30, June 3 & 6, 2002

The meeting was televised by Amherst Community Television and shown on the Government Channel.

The 243rd Annual Town Meeting was called to order by the Moderator, Harrison Gregg at 7:53 p.m. There were 227 town meeting members. 114 checked in and a quorum was declared. The call and return of the warrant were read by Town Clerk, Margaret Z. Nartowicz. The Moderator was sworn to the faithful performance of his duties. Town meeting members were sworn to the faithful performance of their duties. Articles 1 - 7 were considered on April 24th. Hill Boss, Hilda Greenbaum, Deanne Sloan Riddle, James Pistrang, James Scott and H. Oldham Brooks were sworn as tellers.

ARTICLE 1. Reports of Boards and Committees (Select Board)

VOTED that the Town hear only those reports of Town officers, the Finance Committee, and any other Town boards or committees which are not available in written form.

Action taken on 4/24/02.

ARTICLE 2. Petition – University Childcare Program (N. deProsse)

VOTED that the Town of Amherst state to the University of Mass-Amherst that closing the University Child Care classrooms is not in the Town or University community's best interest. We request that the University immediately halt its plan to close the University Child Care Center classrooms and include UMass student, faculty, and employees as well as community child care providers and parents in the planning of equitable, affordable, and stable long-term child care services at UMass.

The Town of Amherst will not be able to absorb the children of the new student families who will be arriving in Town this summer. The area childcare market is extremely tight and there are waiting lists at all centers and by fall all the programs will be full. We ask the Town Meeting to support the SaveUCC coalition of parents and supporters who wish to work with UMass in finding alternatives to the current UCC structure in order to maintain current levels of services, staffing, compensation and service to low income families.

Action taken on 4/24/02.

ARTICLE 3. Petition – Resolution – Civil Rights and Civil Liberties (Dover and Théberge)

VOTED YES 119, NO 51 the following resolution:

“Civil Rights and Civil Liberties

PREAMBLE

The citizens of Amherst are concerned that actions of the Attorney General of the United States and the U.S. Justice Department since the September 11, 2001 attacks pose significant threats to Constitutional protections in the name of fighting terrorism. Such undermining of basic civil rights and liberties run the serious risk of destroying freedom in order to save it.

The Attorney General asserted before the Senate Judiciary Committee that civil libertarians who criticized the Department's policies “aid terrorists ... erode our national unity and diminish our resolve.” We disagree. We believe that respect for Constitutional rights is essential for the preservation of democratic society.

Among the actions to date that have raised our concern are the following:

- More than 1,000 people were detained in the weeks following the September 11 attacks, most without being charged, some impeded in their ability to contact lawyers or their families.
- The Department has issued an order authorizing federal prison officials to listen in on the confidential attorney-client communications of persons in federal custody, without court review.
- The Justice Department has announced a nationwide effort to locate and interview as many as 5,000 recent immigrants – all men ages 18 to 33, primarily from Middle Eastern nations. Guidelines for these interviews include inquiries into individual's political beliefs and the beliefs of families and friends, and whether or not an individual “supports” any cause that terrorists espouse.
- The USA PATRIOT Act, passed hurriedly in October 2001, creates a new crime, “domestic terrorism,” so broadly defined that it could conceivably apply to acts of civil disobedience. Persons associated - through membership dues or legal activity - with organizations defined as terrorist are subject to surveillance and may themselves face prosecution. The Act gives the FBI and the CIA greater rights to wiretap phones, monitor e-mail, survey medical, financial and student records, and break into homes and offices without prior notification.

The proposed Warrant Article places the Town of Amherst on record in support of Constitutional rights for all its residents, regardless of their citizenship, religion, ethnicity, or place of national origin. It calls upon all of its citizens to respect those rights. It also asks Town employees not to cooperate with federal investigators seeking to interrogate people on the basis of their ethnicity, their religious belief, or the beliefs of their families and friends – following the example of police departments in Oregon, California, and Texas, among others, that have refused to carry out such interviews.

This Article is not intended to inhibit or prevent the apprehension, trial, or conviction of people who have carried out or planned attacks against the United States or any other country. We believe, however,

that we are still a nation based on laws and that a threat to any one person's Constitutional rights is a threat to the rights of us all.

WHEREAS the Declaration of Independence of the United States holds as self-evident that all people are created equal and are endowed with the unalienable rights of life, liberty, and the pursuit of happiness; **WHEREAS** the First Amendment of the United States Constitution specifies that no law be made "respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievance";

WHEREAS the Fourth Amendment declares that "the right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no Warrants shall issue, but upon probable cause, supported by Oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized";

WHEREAS the Fifth Amendment states that no person "shall be compelled in any criminal case to be a witness against himself";

WHEREAS the Sixth Amendment guarantees defendants "the right to a speedy and public trial, by an impartial jury..., and to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor, and to have the Assistance of Counsel for his defense";

WHEREAS the Eighth Amendment states that "excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishment inflicted";

WHEREAS the Fourteenth Amendment prohibits the government from denying "to any person within its jurisdiction the equal protection of the laws";

THEREFORE, BE IT RESOLVED that the Town of Amherst affirms the rights of all people – including United States citizens and citizens of other nations – within the Town in accordance with the Bill of Rights and the Fourteenth Amendment of the U.S. Constitution; and

BE IT FURTHER RESOLVED that Amherst Town Meeting calls upon all Town officials and employees to respect the civil rights and liberties of all members of this community, including those who are citizens of other nations; and

BE IT FURTHER RESOLVED that Amherst Town Meeting calls upon all private citizens – including residents, employers, educators, and business owners – to demonstrate similar respect for civil rights and civil liberties, especially but not limited to conditions of employment and cooperation with investigations; and

BE IT FURTHER RESOLVED that, to the extent legally possible, no Town employee or department shall officially assist or voluntarily cooperate with investigations, interrogations, or arrest procedures, public or clandestine, that are judged to be in violation of individuals' civil rights or civil liberties as specified in the above Amendments of the United States Constitution;

BE IT FURTHER RESOLVED that the Town Clerk communicate this resolution to all Town departments, the General Court, the Governor and Attorney General of the Commonwealth of Massachusetts, the Massachusetts Congressional delegation, the United States Attorney General, and the President of the United States; and

BE IT FURTHER RESOLVED that the provisions of this Resolution shall be severable, and if any phrase, clause, sentence, or provision of this Resolution is declared by a court of competent jurisdiction to be contrary to the Constitution of the United States or of the Commonwealth of Massachusetts or the applicability thereof to any agency, person, or circumstances is held invalid, the validity of the remainder of this Resolution and the applicability thereof to any other agency, person or circumstance shall not be affected thereby."

ARTICLE 4. Petition – Resolution – Opposing Sanctions and Force Against Iraq (I. Spiegelman)

VOTED to dismiss. ["A Resolution Opposing Economic Sanctions and Military Action Against Iraq

Since military action against Iraq is likely to be counter-productive and likely to fragment the coalition against terrorism assembled after 9/11, and could further destabilize the Middle East, the Amherst Representative Town Meeting urges President Bush and the Congress to:

- 1) Renounce the use of military force against Iraq including bombing attacks and invasion; and
- 2) End the United Nations' Economic Sanctions against Iraq responsible for the preventable deaths of from 350,000 to 500,000 children since 1991. Have copies of this resolution sent to President Bush and our Congressional Representatives."]

Action taken on 4/24/02.

ARTICLE 5. Petition – Districting Advisory Board (V. O'Connor)

VOTED that the town request that the Select Board reconvene the Districting Advisory Board after the town's 2000 Census appeals have been decided and direct the Advisory Board to revise such precincts as may be affected by the outcome of the town's appeals of the preliminary results of the federal 2000 census, primarily precinct sets 1 and 3, 4 and 5, 9 and 10, and 7 and 8, and further request such Districting Board to use the latitude provided by the Constitution and the Amherst Town Government Act to take into account clearly manifest errors the Bureau of the Census may be unwilling or unable to correct.

SECTION 4.3 CLUSTER DEVELOPMENTS & *CRITICAL RESOURCE DEVELOPMENTS*

4.30 General Description

4.300 A "Cluster Development" shall mean a residential development in which the building and accessory uses are clustered together with reduced lot sizes, into one or more groups. The land not included in the building lots shall be permanently preserved as open space. ***A Cluster Development shall not be located in a critical resource overlay district.***

4.301 ***A "Critical Resource Development" shall mean a residential development located in the WP, ARP and FC critical resource overlay districts. In a Critical Resource Development, residential buildings and accessory uses are sited close together into one or more groups in such a way as to minimize impacts on the resource(s) being protected. Lot sizes are reduced and residential density within the developed section of the subject property may be higher than would otherwise be permitted in the underlying residential zoning district(s). If the Affordable Units provisions of Section 4.33 applies, total residential density on the entire property may be higher than would otherwise be permitted in the underlying residential zoning district(s). Land not included in residential building lots or lots occupied by uses accessory thereto shall be permanently preserved as open space in such a way as to protect and sustain the natural resources, as provided for under Section 4.35.***

4.31 Purpose

It is intended that a Cluster Developments and *Critical Resource Developments* be developed as an entity by a landowner, or association of adjacent landowners, in which ~~permitted so as to allow~~ an alternative patterns of development ~~may be permitted~~ by which the following benefits are likely to be gained:

4.316 Protection of *critical* natural resources, including but not limited to *watersheds*, aquifers, wetlands and farmland.

4.32 Use and Dimensional Standards

4.320 A one-family detached dwelling, a zero lot line single family dwelling, a two-family detached dwelling (duplex), or attached dwellings, or other lawful accessory building may be constructed on certain lots in a Cluster *or Critical Resource* Developments (as herein defined and limited) although such lots have less area, frontage, and/or rear and side yard dimensions than normally required.

4.323 Density/Setbacks

4.3231 The maximum *base* density of *lots in* a cluster subdivision *or critical resource development*, ~~except for an affordable cluster, shall not may exceed the allowed density for a standard subdivision in any zoning district, said density to be calculated by taking the parcel area, subtracting 10% of that area~~ ***for road and utility allowance*** and dividing that number by the minimum lot area of the zoning district in which the parcel is located. ***The permit granting board or authority may reduce the road and utility allowance below 10%, provided it finds that such a reduction would allow for improvement to the design of the development and would be consistent with the purposes of this Bylaw.***

~~4.3231.0 In addition it is the intention of this Section that the~~ ***An affordable eCluster subdivision Development or a Critical Resource Development in the FC District, as defined under Section 4.33, not may result in more lots and/or more dwelling units than would be approved for a standard subdivision under a Definitive Subdivision Plan on the same property.***

4.3231.1 An affordable critical resource development in the WP or ARP Districts shall not result in more lots than would be approved for a standard subdivision under a Definitive Subdivision plan on the same property, but may result in more dwelling units.

4.326 The entire development shall be serviced with public sanitary sewer system, except in the WP District, ARP and WP districts associated with the Lawrence Swamp Aquifer, and in the FC Districts. In these *critical resource protection* districts, the Board of Health may, in accordance with state and local health regulations, authorize individual and/or shared septic systems in Cluster *Critical Resource* Developments where public sanitary sewer service is not reasonably available.

4.327 *Critical Resource Development - Dimensional Regulations* ~~FC District~~

~~In the FC District, d~~Dimensional regulations for Cluster *Critical Resource* Developments shall be as follows:

4.3270 The maximum number of building lots shall be calculated as follows:

1. Determine the Net Parcel Area by subtracting 50% of the area of all Unbuildable Land Area from the total parcel acreage. Unbuildable Land Area shall consist of the combined acreage of all wetlands, FPC District and 100-year floodplain areas.

100-year floodplain areas shall consist of those areas so identified on federal flood insurance maps.

2. Subtract 10 percent of the resulting Net Parcel Area for road allowance.
3. Divide the remaining 90 percent of the Net Parcel Area by the Basic Minimum Lot Area for the underlying zoning district. The resulting figure shall be the maximum number of building lots allowed in the ~~Cluster~~ **Critical Resource** Development.

4.3271 In the **WP, ARP and FC** overlay districts, the Basic Minimum Lot Area for the underlying zoning district shall be used only for determining the maximum number of building lots possible in a ~~Cluster~~ **Critical Resource** Development and for determining the amount of common land to be provided. Otherwise, all dimensional regulations for ~~Cluster~~ **Critical Resource** Developments in the ~~FC District~~ shall be the same as those specified in Table 3 for Cluster Developments in the R-N District, except as noted in Sections **3.2461, 3.2591, 2., 4.3272 and 4.3273.**

4.3272 In addition to the dimensional regulations specified in Table 3, there shall be a maximum lot area for ~~cluster~~ lots **developed as part of a Critical Resource Development**, as follows:

	<i>With public sewer</i>	<i>Without public sewer</i>
Cluster Maximum lot area	20,000 sq. ft.	40,000 sq. ft.
Cluster Maximum flag lot max. area		
ARP and WPDistricts	50,000 sq. ft.	50,000 sq. ft.
FC District	30,000 sq. ft.	45,000 sq. ft.

4.3273 A ~~40-foot~~ buffer zone **strip** of open space and/or common land shall be provided along any edge of ~~between~~ the residential **uses in** portion of a ~~Cluster~~ **Critical Resource** Development which and any abuts **abutting** adjacent or on-site farmland **in accordance with the provisions of Section 3.2855 and 3.2856.**

4.33 Affordable Units

4.330 The Planning Board may authorize a greater number of ~~dwelling units~~ **building lots** than would be allowed by the density requirements of Section 4.3231 or ~~Section 4.327 only~~ if a minimum of 10% of the total ~~units~~ **lots** in the development ~~are~~ **contain** affordable **dwelling** units as herein defined. In no event shall the Board authorize a greater number of ~~dwelling units~~ **building lots** than 120% of the maximum number of ~~units~~ **lots** otherwise allowed **under the applicable development method**. For the purposes of this calculation, ~~10% of the normal parcel size shall be subtracted for the road and utility allowance determined under Section 4.3231 shall be subtracted from the development parcel~~ prior to calculating the maximum density allowed.

4.331 Attached units **permitted under this section** shall only be allowed in ~~eCluster~~ **Developments or Critical Resource Developments** that include affordable units.
