We take pride in assembling and retaining a high performing and motivated workforce. The Town strives to provide employment practices that create a safe, fair and positive environment for staff to achieve their goals in providing services to the Town. This **Personnel Procedures Manual** is a compilation of guidelines, procedures, expectations and benefits provided by the Town. Policies adopted by the Town are attached as Appendices. It provides answers to common questions and codifies the benefits and policies that guide employment. If after reviewing the Manual you have further questions, please consult your department head or the Human Resources Department.

Mission

The Town of Amherst enjoys a tradition of open, professional, and highest quality government services, excellent education, support for open space and agriculture, and respect for its history. Employees, boards and committees, citizens and town government officials work to promote a future that upholds these traditions as well as practices of cultural, educational, economic and environmental sustainability.

Amherst recognizes and celebrates diversity. Town employees strive to reflect the core values of acceptance and inclusion. We want our differences of race, gender, gender identity, ethnicity, religious affiliation, abilities, sexual orientation, age and class to represent the Amherst community. Services are strengthened by embracing these differences and treating one another with dignity and respect as a means to achieve those goals and standards that are the intrinsic core values of this community.

ADMINISTRATION, ROLES AND RESPONSIBILITIES

The contents of this manual do not constitute a collective bargaining agreement, employment agreement or guarantee of continued employment between any employee and the Town. Employment with the Town of Amherst is entered into voluntarily, at-will, and both the Town and the Employee may terminate its employment relationship with the other at any time, with or without notice or reason, provided that the Town does not violate federal or state law. The provisions of this manual have been developed at the discretion of Town management and, except for its policy of employment-at-will, may be amended, modified, revoked, rescinded or added to at any time, in the Town's sole discretion. This manual does not and is not intended to create any enforceable rights or promises of any kind with respect to the terms and conditions of employment.

Complete versions of all personnel policies are uploaded to the town website and the employee intranet for 24/7 ease of access. Upon hire, employees are asked to acknowledge receipt of the Manual and affirm their responsibility to read it, comply with its provisions and any revisions made to it.

The **Personnel Board** and the **Town Manager** are both jointly and individually responsible for administering the personnel function in the Town of Amherst. This Personnel Procedures Manual is jointly established by the Personnel Board and the Town Manager pursuant to the following laws:

- Chapter 512 of the Acts of 1972, The Amherst Town Government Act establishes the Town Manager as the Chief Administrative Officer and Personnel Officer to the Town. The Act vests the Town Manager with the authority to appoint and remove all Town employees (except school, library, and elected); and charges the Town Manager with the responsibility to administer all provisions of the Massachusetts General Laws (MGL) and special laws as well as Town By-laws.
- The Amherst Town Government Act, and MGL Chapter 78 vest the **Jones Library Board of Trustees** with the authority to appoint and remove all Library employees. The Jones Library Board of Trustees may vote to delegate all or part of this authority to the **Library Director**.
- The Personnel By-law, adopted pursuant to MGL Chapter 41; Section 108A establishes the Personnel Board and provides it with the authority to make policies and to issue rules and regulations necessary to administer the By-law, as delineated in the Personnel Procedures Manual.
- The Personnel Procedures Manual and policies are subject to change and may be updated at any time to reflect changes in policies, procedures and laws. It is common practice for the Personnel Board to seek employee comment prior to adopting changes. Employees will be apprised of any changes and all updates will be posted to the town website and intranet. There are specific procedures and forms for many of the policies outlined herein. Please direct any questions to your supervisor, department head or the Human Resources Director.

WORK AND PAY

Employee Conduct

All Town employees are expected to conduct themselves in a manner which credits the Town, public officials and fellow employees and promotes the public's trust in local government. Employees maintain the highest standards of personal integrity, truthfulness, honesty and fairness in carrying out their public duties and may not engage in any conduct which could reflect unfavorably upon the service to the Town and each other. Expectations of Employee Conduct have both legal and ethical implications as described.

Customer Service

The Town of Amherst is committed to providing excellent and efficient customer service. Excellent customer service results in a municipal organization meeting the needs of its residents and citizens in a consistent and professional manner.

All employees of the Town of Amherst are to be made aware of the importance of customer service within the Town's operation. Employees must, at all times, be professional, courteous, understanding and polite in dealing with residents, businesses and other customers whether in person, by telephone, or in writing. Employees should be aware that customer service abilities, in all levels of their work, will greatly impact employment evaluations and advancement opportunities.

Leadership by example is a key component to excellence in customer service. Town management must continually promote in their actions, words and writings the paramount importance of customer service standards. Performance evaluations of management and supervisory personnel will include an evaluation of the ability of the manager to provide high levels of customer service and the ability to train and supervise employees to do the same.

Hours of Work

The standard work week for regular non-union employees shall be either 37.5 hours or 40 hours or pro-rated for regular part time employees, depending on job description.

Attendance

Regular attendance is essential to the Town's efficient operation and is a necessary condition of employment. Absences from work result in less work getting done and other employees assuming added workloads. Employees are expected to report to work as scheduled and on time. Absences of more than one day must be updated daily unless otherwise arranged. Employees are expected to follow their department's absence reporting procedures. Unreported and unexcused absences may lead to disciplinary action.

Timekeeping

Federal and state laws require the Town to keep an accurate record of time worked in order to calculate employee pay and benefits. Accurately recording time worked is the responsibility of every employee and supervisor. Employees must record and verify daily time worked and submit bi-weekly time sheets to their supervisor for approval. Employees may not work overtime hours or record another employee's time without prior approval from a department head.

Payroll

Employees are paid biweekly through direct deposit of payroll at a banking institution of the employee's choice. Notification of pay is provided by electronic notification of deposit and is available to employees 24/7 through Employee Self Service. A payroll calendar is available on the Intranet.

Massachusetts and/or federal law require certain deductions from employee compensation, including any applicable federal or state income taxes and Medicare. All employee deductions for participation in benefits programs are made through payroll. Employees who have any questions about the amount or manner in which deductions are made from their paychecks should speak with the Payroll and Benefits Coordinator in the Accounting Office.

The Town takes all reasonable steps to ensure that employees receive the correct amount of pay in each paycheck and that employees are paid promptly on the scheduled payday. If there is an error in the amount of pay, the employee must promptly bring the discrepancy to the attention of their supervisor and to the payroll coordinator so that corrections can be made as quickly as possible. This includes overpayment as well as underpayment.

Overtime

When operating requirements or other needs cannot be met during regular working hours, employees may be scheduled to work overtime hours. When possible, advance notification of the need for overtime will be provided. All overtime work should be pre-approved. Overtime compensation is paid to all non-exempt employees in accordance with federal and state wage and hour restrictions, and is based on actual hours worked. Time off of accrued vacation time, holiday, sick or personal time or any other leave of absence will not be considered hours worked for purposes of calculating overtime.

Compensation for hours worked in excess of the standard work week must be with prior approval and shall be as follows:

- Confidential, clerical, supervisory and administrative Fair Labor Standards Act (FLSA) non-exempt employees with standard 37.5 hours per week schedules who are required to work in excess of 37.5 hours in a defined seven day period, shall, with the prior approval of the Department Head, receive compensatory time off or pay at straight time for all hours worked between 37.5 and 40. Non-Exempt employees who are required to work in excess of 40 hours a week may choose compensatory time off if eligible, **or** pay, at the rate of time and one-half (1.5) for all hours in excess of 40.
- Management employees and those non-union confidential, professional, administrative & supervisory employees designated as FLSA exempt are not eligible for overtime and will be paid regular bi-weekly salaries less time off charged against their regular work schedule..
- A non-exempt employee called back to work prior to their next regular scheduled starting time after having completed their assigned work and left their place of employment, shall be paid overtime pay as stated above for all work on recall. The employee will be guaranteed a minimum of three (3) hours' pay at time and one half, or double time on Thanksgiving or Christmas in addition to the Holiday. This provision does not apply to scheduled work or flexible time.

The provisions of the Fair Labor Standards Act apply to all employees except those exempted from the requirements of this act. A list of position titles by their Fair Labor Standards Act (FLSA) classification is included as Appendix C.

Compensatory Time

Employees may receive compensatory time for hours worked in excess of their scheduled normal work week. Compensatory time may be earned and used in the same week. Sick, vacation, personal and compensatory time (used) shall not be included as hours worked for the purposes of calculating compensatory time. The accumulation, use, and administration shall be under the following guidelines:

- Management employees are expected to work up to 40 hours per week without accruing or requesting compensatory time.
- Professional, confidential, administrative, and supervisory employees designated as Fair Labor Standards Act exempt employees may accrue up to 30 hours of compensatory time for hours worked.
- An accrual of more than 30 hours requires approval of both the department head and Town Manager on the "Over 30 Hours" request form. Employees are encouraged to use compensatory time within one (1) year of its accrual.

Flexible Schedule

Department Heads may, at their discretion, allow employees to work on a flexible schedule to meet individual concerns not inconsistent with the requirements of the department and their position, and within the following constraints:

- Departments are to remain open according to their official schedule.
- Flexible hours may not be used to accrue compensatory time: the hours represented by the flexible schedule must equal the employee's workweek each week.

The Town encourages employees to take their lunch break. Working through lunch is considered an exchange of time and must be preapproved by the Department Head.

Telecommuting

Short-term occurrences of telecommuting may be approved where mutually beneficial. These occurrences must be approved by the employee's Department Head in advance. Certain jobs may not be suited to telecommuting and it is up to the discretion of an employee's Department Head to make this determination. Remote access requests and technology needs for the purposes of telecommuting shall be made by the employee's Department Head to the Information Technology Department for processing. The security of sensitive information accessed remotely must be maintained.

Shift Differential

All regular non-exempt non-union employees who are regularly assigned (not overtime hours) to work night shift hours or hourly part time employees who work hours between 3:00 p.m. and 7:00 a.m and/or who are regularly scheduled (not overtime hours) to work on Saturday or Sunday will receive a shift differential at the rate of \$0.85 per hour.

Working Out of Classification

Temporary assignments with higher pay may be made when the work requires the designation or performance of an employee in the higher classification. Employees who have acting Department Head as a part of their position description are compensated for those duties on a regular basis and, therefore, are not considered working out of class when they are called upon to perform the duties for short term absences. However, when a professional or administrative employee becomes an acting Department Head due to long term absence or vacancy, that employee shall be compensated for the added duties and responsibilities as defined below.

Employees who are assigned temporary work in a higher classification for more than five (5) consecutive working days or for a total of more than twenty (20) working days in a fiscal year due to the absence of another employee shall be paid the minimum rate of the higher classification or one (1) step above their regular rate for hours worked out of class. When the assignment is due to a vacancy, the employee will be paid the out of class compensation from the date of assignment to the higher classification as acting or interim for all hours. The Town agrees not to assign the duties to multiple employees to avoid the payment of compensation.

Operations During Weather Events or Emergencies

The purpose of this policy is to establish guidelines for reporting to work and for early dismissal from work during hazardous weather conditions. On occasion, the Town Manager or Library Director may excuse non-essential employees from reporting to or remaining at work due to the weather or other emergency conditions. If the Town Manager closes down all but essential operations, excused

employees will not be charged with leave.

Charged time will not be changed for an employee on previously scheduled vacation, sick, personal or compensatory leave.

If, at or before the beginning of any day that town or library offices are open, an employee believes it is too hazardous to attempt to travel to work, the employee must follow department reporting protocols and elect the use of accrued vacation, personal or comp time to be used to compensate for that time of absence. Sick leave cannot be charged for school closures. Failure of personnel to report to work when needed may result in disciplinary action if the supervisor can demonstrate that reasonable attempts to report to work have not been made.

If the Town Manager or Library Director subsequently releases employees during the work day, employees will not be charged for time taken after the Town Manager or Library Director releases other employees, except as noted in the second paragraph of this section. If insufficient leave time is accrued, an employee may “make up the lost time” in that or the subsequent pay period.

Whenever Town or Library offices are closed due to a weather or other emergency, notification protocols will be enacted. The Superintendent of Public Works, Fire Chief, and Police Chief and other essential personnel shall be available should their services be required. The Library Director is responsible for procedures and decisions regarding the Jones Library and Branch libraries. No additional compensation or leave will be given to employees who work their regular schedule even if other employees are excused.

Contact with the Media

Employees are required to refer inquiries from the media (print, radio, television, on-line) about matters pertaining to the Town of Amherst to the Town Manager or Library Director unless authorized by their supervisor to speak with the media. Employees may be authorized to discuss specific topics with the media, but otherwise should refer to the Town Manager or Library Director. Employees may not initiate contact in writing or orally with the media without authorization from their supervisor.

Bumping

A laid off regular non-union employee may bump a non-union employee with less seniority who is in an equal or lesser classification level if they possess the minimum qualifications of the position they intend to bump. Upon notification of an impending layoff, Human Resources will provide a seniority list of regular non-union employees by classification. The employee has two (2) weeks from notification to submit written notice to the Human Resources Department of their intent to bump.

An employee filling a position within their same classification level through the bumping procedure will be paid at their current step. When bumping into a lower classification level, an employee will be placed on a step closest to their current salary.

In the event an employee is considered unqualified for the position after initiating the bumping procedure, the employee may file a grievance or re-initiate the bumping procedure for other positions for which they possess the minimal qualifications.

Recall

Employees are eligible for recall for a period of two (2) years from date of layoff. Employees shall be recalled from layoff according to their seniority within the Town when they can demonstrate the ability to satisfactorily perform the duties of a vacant position with minimal training. Ability is determined by the Department Head and Town Manager. An employee recalled within 2 years shall retain the seniority status held at termination without credit for the time laid off.

Employees on a recall list shall be sent notification of a vacant position at the current address on file with the town. They have fifteen (15) calendar days to notify the Human Resources Department in writing of their interest in filling the vacant position for which they have received notice.

An employee recalled to a position in a lower classification may still apply to be recalled to the classification previously held. An employee who declines recall for a position of the same classification level held prior to being laid off loses eligibility for recall except as follows:

- May refuse a part-time position if previously laid off from a regular position or vice versa.
- An employee held a full-time position prior to being laid off who accepts a part-time position through the recall process may remain on the recall list for a full-time position.

Animals/Pets at Work

No personal animals or pets may be brought by employees to their workplace unless the animal is in service to the employee as approved by the Town Manager or their designee as an accommodation under the Americans with Disabilities Act.

Employee Fraternalization

Any dating or romantic relationships that occur in a direct or indirect supervisory relationship must be disclosed to the Department Head(s). The Town reserves the right to adjust work arrangements to avoid an actual or perceived conflict of interest.

Nepotism

When in the normal selection process, relatives of Town employees or officials are considered for appointment or promotion, the Town Manager/Library Director shall be notified, in writing, by the Department Head. No person shall be hired or promoted based upon their family relationship to another Town employee. No employee shall be in a position that supervises their relative, directly or indirectly. This policy is intended to eliminate the perception of or potential for preferential treatment of the relatives of Town personnel. Relatives, for the purpose of this policy, shall include all members of the immediate family as defined in this document.

Smoking and Use of Tobacco Products

In accordance with Massachusetts General Laws, Chapter 270, Section 22 and Town of Amherst Board of Health Regulations, there will be no smoking or lighting of cigars, cigarettes, pipes, e-cigarettes, or other devices and products designed for combustion and inhalation, in Town buildings and vehicles, on

Town-owned playgrounds and swimming areas and on Town owned athletic fields during Registered Events.

Employees may smoke only in those outside designated areas at least 20 feet away from Town buildings and its exits/entrances and windows. Any employee who wishes to access a smoking cessation program may contact the Human Resource Office, the Employee Assistance Program or their health care provider for referrals.

Workplace Bullying

Bullying is unwanted, repeated abusive, hostile or inappropriate behavior aimed at an individual or group of individuals. Bullying behavior can take many forms including verbal abuse, workplace pranks, gossiping, deliberately withholding information that would enable a person to do their job or sabotaging someone else's work. Unresolved acts of bullying and bullying behavior are not tolerated and may result in disciplinary action up to and including termination. Complaints shall follow the grievance process.

Workplace bullying shouldn't be confused with legitimate and reasonable management actions such as performance improvement plans, imposing discipline or requesting medical documentation to support a work absence. Workplace bullying also does not include normal workplace conflict that may occur between individuals or differences of opinion of co-workers. If differences do occur they are to be resolved in a professional manner.

RECRUITMENT AND SELECTION

The goal of the recruitment and selection process for the Town of Amherst is to fill vacancies with the most qualified candidates available and in doing so to adhere to the principles of Affirmative Action and Equal Employment Opportunity. The Town supports the practice of, but does not guarantee, promotion or transfer of qualified current employees to fill vacancies and encourages professional development and succession planning that may facilitate its occurrence.

Job Posting

When a vacancy occurs in a position designated as regular, the Department Head may request replacement by notifying the Human Resources Department. The Department Head shall include an updated position description if it has changed and any other desired changes to the vacant position.

All Job postings for regular positions are prepared by, administered and received by the Human Resources Department and reviewed by the Department Head. Each posting shall state the minimum qualifications an applicant must possess in order to be eligible for a position. Such qualifications shall also be stated in the job description which will be made available whenever the position is open.

Unless filled by transfer, job openings will be posted on general government Town building bulletin boards and the intranet for seven (7) calendar days, with a deadline for applications preceding that of any external advertisement. Qualified employees on lay off and subject to recall shall receive notification and be given preferred consideration for vacant positions. In order to be considered an internal applicant, a temporary or part-time employee must have been employed by the Town for a minimum of one year.

To expand and/or diversify the candidate pool, a department head may, after internal posting, decide it is necessary to advertise externally. The department head will work with Human Resources to identify appropriate external advertising sources within budgetary and geographic considerations. Internal and external applications may be considered sequentially or simultaneously at the discretion of the department head. Internal applicants not selected for appointment prior to the position being advertised outside the organization may remain in the applicant pool to be considered with applications received through the advertisement of the position.

All applications are to be submitted via the website or sent/forwarded to the Human Resources Department, unless otherwise advertised. The Human Resources Department shall transmit applications to the hiring Department Head for review, interview and consideration.

Department Heads are encouraged to review their interview schedule, process, questions and the composition of interview team with HR prior to initial interviews, and are responsible for insuring that all Town employment policies have been followed during the interview and hiring process.

Appointment

As provided by the Amherst Town Government Act, the Town Manager is the appointing authority for all positions, except those in the Town Library. Library positions shall be filled by the Library Director, with the approval of the Library Board of Trustees. All appointments, with the exception of emergency appointments, shall be governed by the procedures outlined in this Manual.

Department Heads are responsible for making hiring recommendations to the Town Manager/Library Director. Recommendations for employment must be accompanied by a selection justification, a review of qualifications of other candidates both interviewed and not, and a description of the selection process. Department Heads will consult with the Human Resources Director to develop appropriate terms of hire and secure an offer letter from the Town Manager.

No person will be hired or compensated for their services until the Department Head has initiated and received approval for the hiring from the Town Manager.

An applicant who accepts an appointment, and fails to report to work without appropriate excuse or notification shall be deemed to have declined the appointment and the offer of employment may be withdrawn.

Promotion

The Town encourages employees to develop skills, attain greater knowledge of their work and make known their interests in and qualifications for promotions to more responsible and higher level positions. Following job posting procedures and the recruitment process, an employee who is offered and accepts promotion shall enter the new position at the minimum rate of the grade or range of the new position or the step rate in the Level of the new position at least one full step above the employee's existing rate, whichever is higher. The employee's anniversary date will not change because of the promotion.

Transfer

An employee requesting to transfer to a vacant position must submit a letter of interest stating

qualifications to the Human Resources Office when the notice of the vacancy has been posted for employees. A transfer requested by an employee will be made only for appropriate and valid reasons which serve the best interests or operational needs of the Town. An employee interested in a future transfer can contact the Human Resources Department.

Orientation

All new employees shall receive an orientation to their job responsibilities from their supervisor/department head within the first week of appointment. All regular employees shall receive an additional orientation from Human Resources regarding Town benefits.

PROFESSIONAL DEVELOPMENT

Professional Development

The Town of Amherst is committed to its staff and encourages employees to continue to develop professionally in order to enhance their value in the position and the quality of their work. Training sessions, seminars and/or course work that is relevant to an employee's position and goals may be authorized by their Department Heads, subject to funding availability. The Town will actively seek to arrange on-site trainings and professional development opportunities for employees whenever possible, utilizing training resources available internally, throughout area higher education and applicable professional associations.

Educational Assistance Program

The Town of Amherst encourages and supports professional development through the Educational Assistance Program. Courses for degree programs and/or certificates from an accredited college or university may be considered and must be directly related to the employee's job or career goals with the Town of Amherst. Employees may receive either: 1.) financial assistance upon successful completion or, 2.) release time to take educational courses. An employee may request up to \$1000 per fiscal year in Educational Assistance. All reimbursements are subject to available funding each fiscal year.

Eligibility Requirements:

- Employee must be a regular full time non-union employee
- Employee must be employed by the town for one continuous full year

If the course fulfills the requirement of this program, the Department Head will sign the request form indicating their approval and forward the request to the Human Resources Director for final approval

- Reimbursement up to \$1000 will be made directly to employee
- If request is for release time, a copy of the course schedule and approved request form must be provided to the Department Head and payroll prior to the start of class and time sheets will reflect release time taken

Performance Reviews

All employees should be afforded the opportunity for job-embedded professional development in the form of performance reviews. In Amherst, performance reviews are conducted as follows

- a. Initial evaluation
- b. Periodic informal reviews and
- c. Formally, at each anniversary of regular employment.

Performance review conversations are good opportunities to share concerns, aspirations, and successes with your immediate supervisor, and for your supervisor to share their perception of your progress towards attainment of agreed upon goals and objectives.

Assistance, coaching and/or training for employees, including supervisors, will be provided by and may additionally be requested from, the Human Resources Department.

Initial Evaluation

An abbreviated version of the written performance review shall be completed by the supervisor, and shared and discussed with each employee after 6 months of continuous employment. It is especially important for a new employee to receive timely observations regarding their work habits, abilities, attitudes, and performance so that they have a clear understanding of their supervisor's expectations.

Periodic Informal Review

Informal reviews of employee performance are encouraged throughout the year to maintain and improve effectiveness, open communication and reflective practice. Maintaining and improving employee job satisfaction and effectiveness should be a continual process. Periodic feedback must be expressed in person, but is also encouraged through other means (email, phone, etc.).

Annual Review

The dual focus of the annual review is on process and performance record. The review assures an open process in which both the supervisor and the employee participate. It also provides a record that informs and directs modifications of job descriptions, personnel actions, and enrollment in training and professional development activities.

All regular benefitted employees should participate in an annual review of their performance. Effective performance reviews take place within the work day, face to face, and provide employees with clear, specific, timely feedback regarding their performance in relation to the expectations of the essential roles/responsibilities of their position.

Annual reviews of regular employees are conducted on or about each anniversary of employment.

Performance reviews commence with the employee completing a self-evaluation and providing it to their supervisor. The supervisor adds ratings and comments, completes a composite review, and meets in private with the employee to discuss the review. A simultaneous review of the employee's job description, along with identification of performance improvement or professional development opportunities should occur. After consultation, a jointly created review form will be signed, completed, approved by the next level up and submitted to the Human Resources Office. Employees may submit a written response to their review addressing any relevant issues. The performance evaluation and any written response from the employee will be included in the employee's personnel record.

Each employee shall receive a copy of their review. An employee who is dissatisfied by actions taken in the annual review process may pursue the Grievance process.

A satisfactory or better overall evaluation should result in provision of a step increase if the employee has not attained top step. Step increases may be withheld or delayed in any instance where an employee has not demonstrated satisfactory performance within a review period. For exceptionally meritorious performance, an additional step may be granted.

NON-UNION CLASSIFICATION PLAN

The classification of positions, the establishment of a compensation plan, and the periodic updating of classifications are the responsibility of the Personnel Board subject to the approval of the Select Board. All non-union employees of the Town, whether full-time or part-time, shall be employed in positions classified according to the Town's Classification and Compensation Plans defined in this Manual.

When updating the plan, the Town will compare positions with other positions within the organization and with similar positions in other communities with the goal of the classification being fair, equitable, and competitive. As stated in the January 8, 2014 Town of Amherst Proposed Compensation and Classification Plan Final Report (see Town Web Site under Human Resources Department) for non-union employees

“With regard to compensation, the Town of Amherst will be an employer of choice in western Massachusetts. It is the policy of the Town of Amherst to (1) ensure internally equitable and externally competitive rates of pay for positions; (2) ensure the overall compensation structure matches the market average state-wide; (3) ensure that the overall compensation structure is at the 75th percentile when compared to western MA communities; (4) provide a means for planning and controlling direct payroll costs; (5) guarantee compliance with applicable laws and regulations. Further, the principal goals of the compensation administration program are to:

- 1. Attract and retain the employees qualified and competent to achieve the operating objectives of the Town of Amherst.*
- 2. Establish and maintain a rational Compensation and Classification structure that appropriately compensates each employee for the purpose and level of work performed.*
- 3. Maintain pay ranges that are consistent with the economic and financial position of Amherst MA, yet competitive with those paid by other municipal labor market employers for comparable work in western MA.*
- 4. Provide employees with the basic understanding of the principles of employee compensation and classification system and its administration.*

5. *Keep employees informed of compensation matters affecting them.*

Classification Process

Requests for classification, or reclassification shall be submitted by, or through, the Department Head to the Human Resources and Human Rights Director for review. The request shall include a completed Position Analysis Questionnaire or draft job description as well as any additional information the department wishes to have considered in the evaluation of the position. Employee-initiated requests may be submitted directly to the Human Resources Director. The Human Resources and Human Rights Director shall review the request with the appropriate department head and make a recommendation on the classification to the Town Manager.

The Town Manager may approve a reclassification from one existing position within the classification plan to another existing position and notify the Personnel Board of this change.

The Town Manager shall recommend the classification of new positions to the Personnel Board. If the Personnel Board creates a new position classification, the members shall then seek approval from the Select Board for the position classification. The Human Resources and Human Rights Director shall notify the Department Head of the decision and the effective date of any change.

Compensation plans

All non-union employees of the Town shall receive a rate of compensation set forth in the applicable Compensation Plan. The Personnel Board annually reviews the Compensation Plan, and is charged with making any recommendations to the Select Board for changes or adjustments to the plan. The Personnel Board seeks input from the Town Manager, Human Resources and Human Rights Director, and non-union employees prior to doing so. Regular employees will receive compensation based on annualized salaries and part time employees will receive compensation based on hourly pay rates.

EMPLOYEE BENEFITS

Bereavement Leave

Regular employees will be allowed to take up to four (4) working days off with pay should a death occur within the immediate family (as defined in the Definitions section of this document). Sick Leave Conversion to Payment

Employees will be eligible for sick leave exchange if they have used three (3) or fewer days of sick leave during the last twelve (12) months or have 100 days or more of accrued sick leave. Eligible employees may exchange sick leave and/or vacation leave not to exceed three (3) working days per fiscal year for a monetary reimbursement of equal value.

Sick Leave Conversion to Vacation

Employees will be eligible for sick leave conversion if they have used five (5) days or fewer of sick leave during the last twelve (12) months or have at least fifty (50) days or more of accrued sick leave. Eligible employees may also convert sick leave at a ratio of three (3) sick leave days for every one (1) day of vacation leave, with a maximum of fifteen (15) sick leave days for five (5) vacation leave days per fiscal year.

Holidays

All regular employees shall receive the following holidays unless they are members of a recognized collective bargaining unit, in which case the holidays listed in the collective bargaining agreement shall prevail.

New Year's Day	Labor Day
Martin Luther King, Jr. Birthday	Indigenous Peoples Day (Columbus)
Washington's Birthday	Veterans' Day
Patriots' Day	Thanksgiving Day
Memorial Day	Friday after Thanksgiving
Independence Day	½ day before Christmas
	Christmas Day

If Christmas falls on Tuesday, employees will receive the full day on Monday. The Town Manager may elect to close municipal administrative offices on Mondays or Fridays when holidays fall on Tuesday or Thursday by allowing employees to charge personal, comp or vacation time for the extra day. Employees without sufficient time accrued may work the time up or be advanced time.

Regular non-union employees will also be granted an additional holiday at a time between November 15 and January 31. This day must be taken during this period and at a time that is mutually agreed upon by the employee and the Department Head.

Employees who work a regular part-time schedule shall receive the holiday hours in the ratio to the number of hours they normally work per week.

An employee who works a schedule different from the Monday through Friday work week shall be entitled to the same number of holidays as employees working the Monday through Friday work week. For those employees who work a Monday through Friday work week, holidays that fall on Saturday will be observed on Friday; holidays that fall on Sunday will be observed on Monday. Holidays shall be observed on the day they actually occur for all other employees.

Payment for a holiday shall be made at the employee's regular rate of compensation. If a holiday occurs within an employee's vacation period, he/she will not be charged vacation leave for the holiday. If an employee is scheduled to work on a holiday, he/she shall be compensated at one and one-half (1.5) times their regular rate of pay for all hours worked on the holiday in addition to their regular rate of compensation.

Longevity Compensation

After the completion of ten years of consecutive regular employment, a regular employee shall be entitled to an annual longevity payment in addition to the employee's base salary. Such payment shall be paid on the first payday after the employee's anniversary date and shall be equal to 1/20th of the employee's biweekly pay multiplied by the number of years of accumulated regular employment.

For all regular non-union employees hired after July 1, 2018, the following Longevity Payment shall apply:

- \$ 750 at ten (10) years;
- \$1,000 at fifteen (15) years;
- \$1,250 at twenty (20) years;
- \$1,500 at twenty-five (25) years; and
- \$2,000 at thirty (30) years

Regular employees hired after July 1, 2018 must be active in order to receive payment for the period of time since the previous longevity payment.

Personal Leave

Personal Leave is a paid period of absence from work authorized with prior approval by the Department Head. Regular benefited non-union employees are eligible for a maximum of three (3) paid Personal Leave days during each fiscal year. For all new hires after July 1, 2017 personal leave is prorated during the fiscal year of hire; hired July 1-October 31= 3 days; hired November 1-February 29=2 days; hired March 1-June 30=1 day). New employees may take one (1) personal day during their first 6 months of employment. Employees must request use of Personal Leave from their Department Head at least 48 hours in advance except in emergencies. Employees may carry forward up to two (2) unused personal leave days into the next fiscal year for a total not to exceed five (5) days. Any days in excess of five (5) shall be forfeited.

Sick Leave

All regular employees are eligible to accrue and use paid sick leave. Sick leave provides compensation to the employee for an illness or injury. It is the responsibility of the employee to follow Department protocols to report the need for sick leave. This notification should be made prior to the time the

employee is to report to work or as soon as possible in the event of a serious accident or illness. Failure to follow protocols may result in the denial of sick leave use.

Sick leave with pay is accumulated on an hourly basis and recorded biweekly. It is accumulated at the rate of 15 working days per year and may be accumulated without limit. Part-time employees occupying benefited positions shall accumulate sick leave in ratio to their part-time employment.

Employees who are hospitalized or require an emergency medical visit while on vacation can transfer that designated time of vacation leave to sick leave; such time must be documented by hospitalization or medical provider visit and provided to Accounting.

An employee may use up to fifteen (15) days of accumulated sick leave per fiscal year for serious illness or injury of a member of the employee's immediate family (as defined).

If the employee's absence due to illness exceeds the amount of accumulated sick leave available, the absence may be charged to other accrued leave by the Department Head and with the approval of the employee.

Misuse or abuse of sick leave, including unplanned absences, tardiness or patterns of absence, may subject the employee to disciplinary action. Department Heads may require a medical provider's certification in connection with a claim for sick leave at any time. If sick leave misuse or abuse is suspected, the employee will be notified in writing and a meeting with the employee, the department head, and the Human Resources & Human Rights Director to discuss the Department Head's concerns will be held. See Disciplinary Action below.

Part-Time Sick and Personal Leave

Part-time employees are eligible to earn a prorated benefit of up to sixty (60) hours of sick and personal leave per year. The basis of proration is .0613 hours of leave time for each hour worked. Leave benefits accrue from date of hire and may be used at the completion of the first six months of employment or when approved by the Department Head. Unused leave may be carried forward by continuously active employees from year to year with a maximum available balance of one hundred twenty (120) hours.

All leave hours accrued may be used for sick leave, and up to eight (8) hours per fiscal year for personal business, with notice, use and approval requirements as specified in the manual. No payment for unused sick and personal leave is paid out at the end of employment. Part time employees eligible to participate in this leave benefit program may not participate in any other sick and personal leave benefit program offered by the Town or the Amherst public schools.

Sick Leave Buy Back

All regular employees who terminate their employment with the Town for any reason other than unsatisfactory performance and who have completed ten full years of employment with the Town prior to the date of termination shall receive a single cash payment based on the following criteria for each day of accumulated sick leave.

Payment for accrued sick leave shall be based on the employee's utilization during their term of employment. Upon an employee's resignation or retirement in good standing, payment of accumulated sick leave will be based on the following schedule of average utilization:

Payment Per Day of Unused Sick Leave

<u>Average Annual Sick Leave Utilization</u>	<u>10-20 Years</u>	<u>Maximum</u>	<u>20+ Years</u>	<u>Retirement*</u>
	<u>Service-Resignation</u>	<u>Payment</u>	<u>Service - Resignation</u>	
up to 6 days	\$20	\$2,000	\$40	\$40
over 6, up to 10 days	\$10	\$1,000	\$20	\$20
more than 10 days	none		\$10	\$10

*From Hampshire County Retirement System

For all new employees hired after July 1, 2020, the maximum payment for retirement shall be \$10,000.

Upon the death of an employee eligible for sick leave buy back, payment shall be made to the estate or heirs of the deceased employee for accrued sick leave using the formula for retirement.

Vacation Leave

All regular employees are eligible for vacation leave. Part-time benefitted regular employees shall receive vacation in ratio to their part-time employment.

Vacation leave must be requested by an employee to their supervisor or department head with as much advanced notice as possible. Vacation leave time shall not be unreasonably denied unless department efficiency or performance is determined to be impacted. Employees should also not assume that a request to use vacation leave will be automatically granted.

Employees who have approved and scheduled vacation who cancel that time off in advance due to personal or family illness are not required to charge vacation time but are required to charge sick time if absent from work.

For those employees classified as Levels 1 and 2, the following schedule shall be used with the earned vacation leave being credited biweekly and accumulated on an hourly basis:

- Fewer than 5 years of completed service, 10 working days annually.
- More than 5 years but fewer than 10 years of completed service, 15 working days annually.
- More than 10 years but fewer than 20 years of completed service, 20 working days annually.
- More than 20 years of completed service, 25 working days annually.

For those employees designated in Levels 3 and up, the following schedule shall be used, with the earned vacation leave being credited biweekly and accumulated on an hourly basis:

- Fewer than 5 years of completed service, 15 working days annually.
- More than 5 years but fewer than 20 years of completed service, 20 working days annually.
- More than 20 years of completed service, 25 working days annually.

Vacation time accrues by hours paid and is accrued hourly. Employees accrue vacation on a weekly basis from date of hire but may not use vacation leave for the first six months of employment unless negotiated during the hiring process.

Vacation Payout or Transfer

Payment for accumulated but unused vacation shall be made:

- upon the resignation in good standing, retirement, or layoff of an employee
- upon the death of an employee, shall be made to the estate or heirs of the deceased employee

Any vacation balance in excess of two years accumulation shall be transferred to sick leave by the Accounting Office on or about December 31st of each year.

Upon termination of employment for any reason, the amount of vacation accumulation in excess of two years will be transferred to Sick Leave and the final payment for vacation shall not exceed the amount equal to the accumulation allocated for two years of employment.

INSURANCE BENEFITS

Health Insurance

All regular employees who work at least twenty (20) hours each week are eligible for medical insurance. Information regarding this benefit is available during the employee's orientation and during annual open enrollment. The Town is a member of the Amherst Pelham Health Claims Trust, a joint purchase group. The Trust has an Insurance Advisory Committee comprised of representatives from member groups and unions from the Town, Regional Schools and Amherst Public Schools, to advise the Town Manager, who functions as the Chief Administrative Officer of the Trust.

The Town currently contributes 75% of the premium for a Preferred Provider Organization (PPO) plan and 80% of the premium for a Health Maintenance Organization (HMO) plan. The employee pays the balance of the monthly premium amount through biweekly pay deductions. Premiums are withheld prior to the month in which the premium is due, June withholdings pay for July 1 premiums.

Employees may enroll in an insurance plan:

- When eligible after hire- an employee hired prior to the tenth (10th) day of the month will begin coverage on the first (1st) day of the following month. Employees hired after tenth (10th) day of the month will be eligible the first day of the second month after hire.
- During annual open enrollment
- Upon a qualifying event (see below)

An eligible employee electing to waive medical insurance coverage may do so and then elect coverage at a subsequent open enrollment period or upon a qualifying event and meet the requirements of the insurance carrier.

Employees should notify the Human Resources Department or the Payroll and Benefits Coordinator in the Accounting Office of any qualifying event that would affect the employee's insurance coverage (i.e., divorce, dependent child reaching maximum age for coverage under the parent's plan, change in individual or family coverage, planned retirement, or termination). Continued medical insurance coverage is available when an employee or their dependents' status changes (COBRA).

Life Insurance

The Town offers basic life insurance and optional life insurance.

Basic Life Insurance

Pursuant to MGL Chapter 32B, all regular employees who work at least twenty (20) hours each week are automatically enrolled in the basic \$10,000 life insurance coverage.

Enrollment in basic life insurance for an eligible employee hired prior to the tenth (10th) day of the month begins on the first (1st) day of the following month. Coverage will begin one month later for eligible employees hired after the tenth (10th) day of the month. The Town currently contributes 75% of the premium for basic coverage and the employee contributes 25% of the premium. All life insurance premiums are paid by employees through monthly payroll deductions.

Optional Life Insurance

Employees may elect to enroll in the town's group optional life insurance coverage. It is guaranteed at time of hire up to \$40,000 coverage. After hire, employees will need to meet insurance company eligibility requirements. Optional life insurance coverages are based on annual salary for both coverage and premium costs, and are 100% employee paid. Employees who retire with optional life may retain coverage until age 75. Information regarding this benefit is available in the employee orientation packet.

Additional Elective Benefits

The Town offers other types of additional elective benefits:

- Dental Insurance – fully funded by employee through payroll deduction and employee or family plans are available
- Flexible Spending Account Program (FSA) – pre-tax employee only payroll deductions used for employee's out of pocket medical/dental expenses or child care
- Short Term Disability Insurance – if injured off the job and out of work, short term disability will pay a percentage of your salary while out of work; payroll deducted, employee paid. Cost is based on salary and level of desired coverage.
- Whole Life – A supplement to the Basic and Optional Life insurance for additional financial protection; payroll deducted, employee paid

Worker's Compensation

Pursuant to MGL Chapter 152, all regular, part-time, non-benefited part time and temporary employees except uniformed police and fire employees are provided protection to cover the loss of wages and designated expenses arising from employment-related injuries. Forms and reporting procedures are available on the public shared drive. It is the responsibility of both the employee (if able) and their supervisor to notify Human Resources of an accident or injury within twenty-four (24) hours of the occurrence.

Employees may elect to use accrued leave time to make up the difference between statutory workers compensation payments and their average weekly wage. Employees are still required to make payments for voluntary deductions such as health insurance.

An employee deemed to be incapacitated by a work-related injury shall receive paid injury leave for up to five (5) days, to coincide with the waiting period for workers compensation. Until a determination is made regarding the work relatedness of an injury, the employee's sick or other accrued leave will be charged.

LEAVES OF ABSENCE

Family Medical Leave

The Family and Medical Leave Act ("FMLA") of 1993 allows eligible employees up to twelve (12) weeks of unpaid leave, and in limited cases up to twenty-six (26) weeks of unpaid leave per year. Employees may take leave for the following reasons:

- birth of the employee's child or placement of a child with the employee through adoption or foster care;
- the employee is needed to care for a child, spouse, or parent who has a serious health condition; or
- the employee is unable to perform the functions of his or her position because of a serious health condition; or
- Military service-related leaves: Leave for certain qualifying Exigent Circumstances arising out of a covered military member's active duty status; or Leave to Care for a Covered Service member recovering from a serious injury or illness incurred in the line of duty on active duty.

Eligibility rules for FMLA are different from the eligibility rules for the state Parental Leave described below. To be eligible for FMLA leave an employee must have been employed by the Town for at least twelve months, and must have worked at least 1250 regular hours during the twelve month period preceding the commencement of the leave.

Employees may take up to twelve weeks (or up to twenty-six weeks, to care for a covered service member recovering from a serious injury or illness incurred in the line of duty on active duty) of FMLA leave in a twelve-month period. The twelve-month period is a rolling twelve months beginning the first day of the commencement of requested leave. If both spouses are employed by the Town, they are together entitled to a total of twelve weeks of leave for the birth or placement of a child or care of a sick parent. An employee eligible to take leave to care for a covered service member may not take more than twenty-six weeks of leave in any twelve-month period, in total, regardless of the reason for the leave.

Employees wanting FMLA leave are requested to contact Human Resources and notify their Department Head as soon as able or with 30 days' notice by completing a leave request form. If the event giving rise to the need for leave is not foreseeable, then the employee must give such notice as is practicable under the circumstances. Employees should schedule planned medical appointments with due regard for the Town's operational needs.

Employees requesting FMLA Leave must provide medical certification to support a claim for leave for an employee's own serious health condition or to care for a seriously ill child, spouse, parent, or covered

service member. Forms for Certification are available from the Human Resources Department. All medical documentation regarding FMLA leave will be directed to the Human Resources Department and shall be kept in a file separate and apart from the employee's personnel file. Undocumented requests for medical leave will be denied.

Employees are required to use certain types of accrued or available paid leave before commencing the unpaid portion of FMLA leave. If all sources of accrued time are exhausted, the employee moves into a no pay status.

If medically necessary, leave may be taken on an intermittent or reduced leave schedule. If leave is requested on this basis, the Town may require the employee to transfer temporarily to a position, with equivalent compensation, which better accommodates recurring periods of absence or a part-time schedule.

Employees on leave are entitled to the continuance of group health coverage under the same conditions they received coverage prior to the leave, and employee share of premiums will be deducted from bi-weekly pay. Arrangements for payment will be coordinated with the Accounting Department if employee moves into a no pay status. In the event that an employee elects not to return to work upon completion of an approved unpaid leave of absence, the Town may recover from the employee the cost of any payments made to maintain the employee's coverage, unless the failure to return to work was for reasons beyond the employee's control.

Employees returning from FMLA Leave will be restored to their original positions, or to equivalent positions with equivalent pay and benefits. Employees should contact their Department Head, at least two (2) weeks' before their return date to make arrangements and to provide a return to work certificate if required to do so.

Parental Leave

According to MGL Ch. 149 sec. 105D, an employee who has completed three (3) months of employment shall be entitled to eight (8) weeks of unpaid parental leave for the purpose of giving birth or for the placement of a child under the age of 18 (under 23 if the child is mentally or physically disabled) with the employee who is adopting or intending to adopt the child.

The employee shall give at least two (2) weeks' notice to their Department Head or Supervisor of the anticipated date of departure and the employee's intention to return, or provide notice as soon as practicable if the delay is for reasons beyond the individual's control.

The eight (8) weeks shall be included in the employee's twelve (12) weeks of FMLA entitlement in a calendar year to the extent that the employee is eligible and has not previously exhausted their FMLA leave for the year. At the conclusion of the parental leave period, the employee shall be restored to their previous, or a similar position with the same status, pay, length of service credit and seniority.

Where two (2) employees are requesting leave for the birth or adoption of the same child, they shall only be entitled to eight (8) weeks of parental leave in the aggregate.

The employee shall be entitled to two weeks of paid parental leave for the purpose of giving birth or for the placement of a child under the age of 18 (23 if the child is mentally or physically disabled) with the employee who is adopting or intending to adopt the child. The employee may receive an additional six

weeks of compensation by charging their accrued compensatory, personal, vacation leave or a maximum of 4 weeks sick leave. Any use of sick leave must be concurrent with the birth or adoption. Use of paid leave beyond eight weeks is limited to documented medical necessity. All leave under this section will be included in the 12 weeks available to eligible employees under the Family and Medical Leave Act.

An employee who wants to extend their leave for a period exceeding what is allowed above may request a leave of absence of up to one (1) year from the Town Manager or Library Board/Director.

Military Leave

Any employee called to active duty in the Armed Forces of the government has rights to military leave of absence under USERRA. Additional Information on USERRA rights can be found online at the Federal Department of Labor. Employees of the Town are entitled to a leave of absence during the time of the employees' compulsory services in the armed forces of the United States, or during compulsory annual tours of duty not exceeding seventeen calendar days as provided in Chapter 33, Section 59 of the Massachusetts General Laws as members of reserve components of the armed forces of the United States. The employee shall receive their ordinary remuneration while on annual tour of duty per Federal fiscal year. Employees shall not lose any seniority or previously accrued vacation leave, sick leave, personal leave, compensation time or earned overtime.

Employees must provide a copy of their military orders to the Human Resources Department. Employees returning to Town service within ninety (90) days after military discharge shall not lose seniority standing.

Religious Leave

Religious leave may be granted for the observance of official religious obligations that are not recognized as holidays by the Town. An employee wishing to take religious leave shall submit a request to the Department Head at least 48 hours in advance of such leave. Employees must charge such leave to accrued personal, vacation or compensatory time.

Court Leave

Serving on a jury is a civic duty and is supported by the Town of Amherst. Employees who are called for jury duty during regularly scheduled work hours or summoned on behalf of the Town shall promptly provide their department head with a copy of their summons. Employees will be paid court leave and are required to provide their receipt of service to their department head. The employee must remit to the Accounting Office any compensation received for jury duty or for serving as a witness while on court leave, less mileage reimbursement if provided.

After completion of jury duty for the day, the employee shall report to work if there is two or more consecutive hours remaining of their scheduled work period. The period of the excused absence shall include travel time as well as the time required to serve at the court.

Leave shall not be unreasonably denied when an employee is engaged in personal litigation having no connection with their position as an employee of the Town.

Leave of Absence

The Town Manager or Library Board/Director may grant a leave of absence without pay for a period of up to one (1) year in duration. Granting of a leave of absence without pay is discretionary and includes factors such as replacement, budget, and service levels. Requests for leave shall be requested through an employee's Department Head, whose recommendation shall accompany the request to the appointing authority.

SEPARATION

Layoffs

Whenever there is a lack of work or a lack of funds requiring a reduction in the number of non-union employees in a department of the Town, any layoffs shall be designated by the Town Manager or Library Board/Director. Employees so affected shall be given a minimum of two (2) work weeks' notice. Notice of any vacancies will be included with the notice of layoff. Qualified employees on layoff and subject to recall shall continue to receive notification and be given preferred consideration for vacant positions for two (2) years.

Resignation

Employees are requested to provide a minimum of two weeks' notice of resignation to their Department Head prior to their last day of work. The notice of resignation shall be forwarded to Human Resources with a completed Personnel Action Form. All terminating employees are to be provided with the state guide on Unemployment Benefits and Unemployment Form Receipt Acknowledgement form. As appropriate, the Human Rights & Resources Director will contact the employee regarding an exit interview. Every departing employee has the right to an exit interview.

Retirement System

All regular employees are required by law to belong to the Hampshire County Retirement System (HCRS) (www.hampshireretirementma.org) and all part time and non-benefited employees must participate in the Town's Defined Contribution Plan (OBRA) through Empower Retirement.

The Hampshire County Retirement System is part of the statewide retirement system for state, county, and municipal employees, as authorized by MGL Ch 32;34B, Section 19. There are no FICA or Social Security deductions from salary. Regular employees, who are employed without restriction as to the duration of employment and who are employed on a regular schedule consisting of at least 20 hours per week and whose regular salary is at least \$5,000 per year are required to become members of the Hampshire County Retirement System. Retirement deductions are based on date of hire in the Retirement System. For anyone hired after July 1, 1996, the contribution percentage is 9%. An additional 2% is deducted for bi-weekly earnings over \$1153.85 (the portion of earnings over \$30,000).

Defined Contribution Plan (OBRA)

Part time, Temporary or Seasonal Employees, who are employed on a regular schedule consisting of at least 20 hours per week and whose regular salary is at least \$5,000 per year, but whose appointment is for less than 6 consecutive calendar months are not eligible to become members of the HCRS unless

reappointed such that total service exceeds 6 consecutive calendar months. Temporary employees who subsequently become eligible for membership with a HCRS employer may be eligible to purchase prior non-membership service rendered to a HCRS employer. Pursuant to the Omnibus Budget Reconciliation Act of 1990 (OBRA 90), and MGL Chapter 32, all employees not covered by the HCRS must become members of the Town's Defined Contribution Plan and have a minimum deduction of 7.5%.

Distribution/Withdrawals

Payroll deductions for the retirement plans are tax deferred until the employee receives funds from the plan. At the time of retirement or termination, the employee is eligible to receive a pension or return of their contributions, depending upon the employee's status in the system. Employees anticipating a change in employment status should contact the Payroll and Benefits Coordinator. Forms for withdrawal of funds from either plan are available from the Hampshire County Retirement Board or Empower Retirement (www.empower-retirement.com).

Medicare Tax

All Town employees hired after March 31, 1986, must have deductions for the Medicare tax. This deduction is currently 1.45% of the employee's salary, with the Town contributing an amount equal to the employee's deductions.

Deferred Compensation

The Town offers two (2) deferred compensation savings plans (457 plan of the Internal Revenue code) for its employees. Participation in the deferred compensation plan(s) is voluntary and any benefited employee is eligible to participate. Information regarding this benefit is available in the employee orientation packet. The Town does not contribute funds towards these plans. The plan carriers are Empower Retirement (www.empowerretirement.com) and the International City Management Association (www.icmarc.com).

DISCIPLINARY ACTIONS

It is the practice of the Town to act with integrity and justice toward each employee, recognizing their individuality as a human being and their right to fair, decent, and understanding supervision. That practice carries with it the responsibility to discipline employees who's documented or continued poor performance and/or behavior do not meet expectations, do not conform to applicable standards of conduct, or violate law, regulation or policy.

Whenever possible, the principles of progressive discipline described below shall be followed. The primary goal of each step of the disciplinary process is to identify a problem, state the expected performance or behavior, establish a plan for improvement and state the consequences for failure to do so. However, the principles of progressive disciplinary action shall not bind the Town in instances of extreme behavior or blatant disregard of law, regulation, policy or the safety and security of persons or property.

Department heads and managers are responsible for communicating to employees expected job performance and acceptable behavior and the possible consequences for failing to meet these

expectations. However, employees are assumed to know that their job performance must remain, at minimum, satisfactory and that they should not engage in any egregious behavior.

While not intended to be a complete and inclusive list, the following situations may result in disciplinary actions being taken by the Town toward an employee:

- Acts of insubordination or failure to follow direction;
- Acts of sexual or other unlawful harassment;
- Bullying and/or any form of violence;
- Disclosure of confidential information;
- Failure to comply with federal, state, or town laws;
- Failure to comply with Town policies or departmental rules and regulations;
- Falsification of time sheets;
- Fraud or false representation in securing appointment;
- Frequent and habitual tardiness and/or absenteeism from duty
- Abuse of or excessive sick leave;
- Willful neglect of duty or working unsafely;
- Documented continued poor performance following feedback;
- A documented complaint of rudeness or other inappropriate behavior;
- Unauthorized absence(s);
- Use of alcoholic beverages or illegal drugs while on duty, or reporting for duty under the influence of or after having consumed alcoholic beverages, recreational marijuana or illegal drugs;
- Willful neglect, misuse, misappropriation, destruction, or theft of Town property, materials, or equipment.

The Town reserves the right to place an employee on administrative leave with pay to conduct an internal investigation with regard to the offense to determine whether the nature of the offense warrants discipline, up to and including termination. The placing of an employee on administrative leave shall not itself be considered a disciplinary action.

Oral Warning

An oral warning is an initial disciplinary action. In this interaction, the supervisor meets with the employee to identify the infraction, examine and discuss the root cause, and identifies the need and path for corrective action. The discussion is intended to eliminate misunderstandings immediately and set the desired standards of conduct and performance. A summary of the discussion will be retained by the supervisor but not added to the personnel file unless there is subsequent disciplinary action.

Written Reprimand

A written reprimand either follows an oral reprimand that fails to result in improved behavior, or it is issued for an infraction that is serious enough to warrant an immediate disciplinary action. Prior to a reprimand being issued, a conversation between manager and employee should occur to document and confirm the actions or sequence of events (absenteeism, etc.) that led to the need for a written reprimand. A written reprimand will specify the nature of the infraction, identify previous efforts to correct the infraction, state desired corrective action and the consequences for failure to correct the behavior. It should be signed by the Department Head and issued by the Department Head or a designee manager.

The reprimand should be delivered in person in a private setting. The employee shall be provided an opportunity to respond and is required to acknowledge receipt (not agreement) of the reprimand in writing. The signed written reprimand is copied for the employee and the original is placed in the employee's personnel file. The employee's response shall accompany the reprimand in the personnel file. After a period of twelve months, a single written reprimand will not be used in a chain of progressive disciplinary action if there are no subsequent disciplinary actions of any kind and the employee's performance and conduct have been satisfactory during that time.

A written reprimand may include referral to the Employee Assistance Program (EAP) and provide ways in which to contact the EAP.

Suspension

A Department Head may, for cause, recommend that the Town Manager or Library Board/Director suspend an employee without pay for an offense. Suspension of an employee may be effective immediately. The notice of suspension shall be in writing and shall state the grounds for the suspension and its duration. A copy of the notice shall be sent to the Human Resources Office. The employee may respond in writing if he/she wishes; a copy of the employee's letter shall be forwarded by the recipient to the Human Resources Office. Such letter shall be placed in the employee's personnel file.

Demotion for Cause

When an employee is unable to perform their assigned duties, but able to work at lower paid related duties, a Department Head may recommend that the Town Manager or Library Board/Director demote the individual. As in other disciplinary action, the grounds shall be stated in a letter to the affected employee and discussed in a meeting with HR, the Department Head and the employee.

Dismissal

Under the Amherst Town Government Act, only the Town Manager or Library Board/Director have the authority to terminate employment. A Department Head who proposes to dismiss an employee shall consult with the Town Manager or Library Board/Director regarding the reason(s) for dismissal. In situations where an employee has committed a violation of Town policies or a violation of Federal, State, or local laws, dismissal of the employee may be warranted. The Town reserves the right to conduct an internal investigation with regard to the offense to determine whether the nature of the offense makes it inappropriate for the individual to continue in the employ of the Town.

Dismissal should be conducted in person by the Department Head and/or HR Director and include a letter stating the grounds for the action and the employee's appeal rights of dismissal from the Town Manager or Library Director. If the employee is unavailable, a phone call with certified letter may be mailed to the employee. Unless otherwise specified, dismissal is effective immediately.

Dismissal is automatic when an employee is absent for three (3) consecutive working days without notifying their Department Head. In unusual cases in which the employee could not have contacted a representative of the Town, reinstatement may be arranged with the Town Manager or Library Board/Director.

GRIEVANCE PROCEDURE

The Town encourages conflict resolution and early discussion of issues prior to their rising to the level of grievance. The Town grievance procedure provides a means for employees who are not covered by collective bargaining agreements to bring issues concerning their wellbeing at work to the attention of their supervisors. Specifically, a grievance addresses a disagreement between the Town employee and the Town relating to the application or interpretation of the Personnel By-law or the Personnel Procedures Manual. An employee is entitled to follow the steps of the grievance procedure with freedom from reprisal. Slanderous or libelous statements are not permitted. Questions regarding a potential grievance may be discussed with the Human Resources Department prior to formal filing.

Grievable Complaints

Examples of grievances may include the following:

- Disciplinary actions;
- Actions resulting from the Annual Review;
- Concerns regarding the application, meaning, or interpretation of personnel policies, procedures and processes;
- Acts of reprisal;
- Complaints of discrimination and unlawful harassment or bullying.

Non-grievable Complaints

- Establishment or revision of wage and salary tables, position classifications, and general benefits accorded to employees;
- Work activity accepted by the employee as a condition of employment;
- Statutes or established personnel policies, procedures, rules, and regulations;
- Failure to promote, except where the employee can show that established promotional policies or procedures were not followed or applied fairly;
- The methods, means, scheduling, and staffing by which work activities are to be carried out;
- Discharge, demotion, layoff or suspension from duties because of lack of work, reduction in the work force or job elimination; or
- Voluntary resignation, demotion or transfer.

Grievance Steps

STEP 1 An employee shall present a grievance in writing to their Department Head within forty five (45) calendar days of its occurrence. This statement must indicate the existence of a grievance and include the condition or practice which is being grieved, what attempts have been made to resolve the issue, and what solution is desired. Any or all parties who were involved may be asked by the Department Head to discuss the facts. The employee may invite someone of their choice to participate as an advisor or representative. A written reply by the Department Head shall be given to the employee within fourteen (14) calendar days. Agreed upon extensions of time limits shall be documented.

STEP 2 If the Department Head's response does not resolve the grievance, the employee may forward the grievance and the Department Head's response to the Town Manager or Library Director

within seven (7) calendar days after completion of Step 1. The Town Manager or Library Director shall schedule a hearing of the grievance within fourteen (14) calendar days and shall respond within seven (7) calendar days of the hearing.

STEP 3 If Step 2 fails to resolve the grievance, the employee may, within seven (7) calendar days after completion of Step 2, request investigation by the Personnel Board or Library Board of Trustees who shall conduct an investigation and set a schedule for resolution of the grievance.

The Board shall determine its own procedures for investigation provided it shall afford full and equal opportunity to all parties and witnesses for presentation of any matter or relevant proof. The Board has the responsibility to interpret the application of policies and procedures in the case; it does not have the authority to formulate or change policies or procedures.

If the Board decides that a hearing is necessary, the hearing shall be held in a timely manner and as soon as practicable. Such hearing may be held in executive session pursuant to the Open Meeting Law (MGL Ch. 30A Sec. 18-25). The employee may have representation or legal counsel at the hearing at the employee's own expense.

The decision of the Board shall be final and binding and be made in writing to the employee, their Department Head, and the Town Manager or Library Director. All documents relating to the grievance and its disposition shall be placed in the employee's permanent file.

Exclusions

Nothing in this procedure is intended to circumscribe or modify the existing rights of the Town to do the following, provided that none of these rights may be exercised in an arbitrary or capricious manner:

- Direct the work of its employees;
- Hire, promote, transfer non-punitively, assign, and retain employees in positions within the department;
- Demote or dismiss employees for proper cause;
- Maintain the efficiency of governmental operations;
- Relieve employees from duties because of lack of work or for other legitimate reasons;
- Take actions as may be necessary to carry out the duties of an agency in emergencies;
- Determine the methods, means, and staffing by which operations are to be carried on; and
- Assign job classifications to pay ranges;

Employees with probationary, temporary, and part-time without benefits appointments are not deemed to have vested employment rights and may not use the grievance procedure to appeal suspension, demotions, dismissals, or other disciplinary actions or decisions regarding the continuation of their employment status unless the employee can substantiate that such actions were discriminatory on the basis of race, color, creed, national origin, sex, age, handicap, veteran's status, sexual orientation, whistle blowing, or political affiliation.

The Board of Selectmen shall provide a detailed report to the Annual Town Meeting. Such report shall

include any approved changes in any of the policies listed above.

Section 12 - Severability

Each provision of this Bylaw shall be construed as separate to the extent that if any part of it shall be held invalid for any reason, the remainder shall continue in full force and effect.

Appendix B - Policies

Summary of the Conflict of Interest Law for Municipal Employees

This summary of the conflict of interest law, General Laws Chapter 268A, is intended to help municipal employees understand how that law applies to them. This summary is not a substitute for legal advice, nor does it mention every aspect of the law that may apply in a particular situation. Municipal employees can obtain free confidential advice about the conflict of interest law from the Commission's Legal Division at our website, phone number, and address above. Municipal counsel may also provide advice.

The conflict of interest law seeks to prevent conflicts between private interests and public duties, foster integrity in public service, and promote the public's trust and confidence in that service by placing restrictions on what municipal employees may do on the job, after hours, and after leaving public service, as described below. The sections referenced below are sections of G.L. c. 268A.

When the Commission determines that the conflict of interest law has been violated, it can impose a civil penalty of up to \$10,000 (\$25,000 for bribery cases) for each violation. In addition, the Commission can order the violator to repay any economic advantage he gained by the violation, and to make restitution to injured third parties. Violations of the conflict of interest law can also be prosecuted criminally.

I. Are you a municipal employee for conflict of interest law purposes?

You do not have to be a full-time, paid municipal employee to be considered a municipal employee for conflict of interest purposes. Anyone performing services for a city or town or holding a municipal position, whether paid or unpaid, including full- and part-time municipal employees, elected officials, volunteers, and consultants, is a municipal employee under the conflict of interest law. An employee of a private firm can also be a municipal employee, if the private firm has a contract with the city or town and the employee is a "key employee" under the contract, meaning the town has specifically contracted for her services. The law also covers private parties who engage in impermissible dealings with municipal employees, such as offering bribes or illegal gifts. Town meeting members and charter commission members are not municipal employees under the conflict of interest law.

II. On-the-job restrictions.

(a) Bribes. Asking for and taking bribes is prohibited. (See Section 2) A bribe is anything of value corruptly received by a municipal employee in exchange for the employee being influenced in his official actions. Giving, offering, receiving, or asking for a bribe is illegal.

Bribes are more serious than illegal gifts because they involve corrupt intent. In other words, the municipal employee intends to sell his office by agreeing to do or not do some official act, and the giver intends to influence him to do so. Bribes of any value are illegal.

(b) Gifts and gratuities. Asking for or accepting a gift because of your official position, or because of something you can do or have done in your official position, is prohibited. (See Sections 3, 23(b)(2), and 26)

Municipal employees may not accept gifts and gratuities valued at \$50 or more given to influence their official actions or because of their official position. Accepting a gift intended to reward past official action or to bring about future official action is illegal, as is giving such gifts. Accepting a gift given to you because of the municipal position you hold is also illegal. Meals, entertainment event tickets, golf, gift baskets, and

payment of travel expenses can all be illegal gifts if given in connection with official action or position, as can anything worth \$50 or more. A number of smaller gifts together worth \$50 or more may also violate these sections.

Example of violation: A town administrator accepts reduced rental payments from developers.

Example of violation: A developer offers a ski trip to a school district employee who oversees the developer's work for the school district.

Regulatory exemptions. There are situations in which a municipal employee's receipt of a gift does not present a genuine risk of a conflict of interest, and may in fact advance the public interest. The Commission has created exemptions permitting giving and receiving gifts in these situations. One commonly used exemption permits municipal employees to accept payment of travel-related expenses when doing so advances a public purpose. Another commonly used exemption permits municipal employees to accept payment of costs involved in attendance at educational and training programs. Other exemptions are listed on the Commission's website.

Example where there is no violation: A fire truck manufacturer offers to pay the travel expenses of a fire chief to a trade show where the chief can examine various kinds of fire-fighting equipment that the town may purchase. The chief fills out a disclosure form and obtains prior approval from his appointing authority.

Example where there is no violation: A town treasurer attends a two-day annual school featuring multiple substantive seminars on issues relevant to treasurers. The annual school is paid for in part by banks that do business with town treasurers. The treasurer is only required to make a disclosure if one of the sponsoring banks has official business before her in the six months before or after the annual school.

(c) Misuse of position. Using your official position to get something you are not entitled to, or to get someone else something they are not entitled to, is prohibited. Causing someone else to do these things is also prohibited. (See Sections 23(b)(2) and 26)

A municipal employee may not use her official position to get something worth \$50 or more that would not be properly available to other similarly situated individuals. Similarly, a municipal employee may not use her official position to get something worth \$50 or more for someone else that would not be properly available to other similarly situated individuals. Causing someone else to do these things is also prohibited.

Example of violation: A full-time town employee writes a novel on work time, using her office computer, and directing her secretary to proofread the draft.

Example of violation: A city councilor directs subordinates to drive the councilor's wife to and from the grocery store.

Example of violation: A mayor avoids a speeding ticket by asking the police officer who stops him, "Do you know who I am?" and showing his municipal I.D.

(d) Self-dealing and nepotism. Participating as a municipal employee in a matter in which you, your immediate family, your business organization, or your future employer has a financial interest is prohibited. (See Section 19)

A municipal employee may not participate in any particular matter in which he or a member of his immediate family (parents, children, siblings, spouse, and spouse's parents, children, and siblings) has a financial interest. He also may not participate in any particular matter in which a prospective employer, or a business organization of which he is a director, officer, trustee, or employee has a financial interest.

Participation includes discussing as well as voting on a matter, and delegating a matter to someone else. A financial interest may create a conflict of interest whether it is large or small, and positive or negative. In other words, it does not matter if a lot of money is involved or only a little. It also does not matter if you are putting money into your pocket or taking it out. If you, your immediate family, your business, or your employer have or has a financial interest in a matter, you may not participate. The financial interest must be direct and immediate or reasonably foreseeable to create a conflict. Financial interests which are remote, speculative or not sufficiently identifiable do not create conflicts.

Example of violation: A school committee member's wife is a teacher in the town's public schools. The school committee member votes on the budget line item for teachers' salaries.

Example of violation: A member of a town affordable housing committee is also the director of a non-profit housing development corporation. The non-profit makes an application to the committee, and the member/director participates in the discussion.

Example: A planning board member lives next door to property where a developer plans to construct a new building. Because the planning board member owns abutting property, he is presumed to have a financial interest in the matter. He cannot participate unless he provides the State Ethics Commission with an opinion from a qualified independent appraiser that the new construction will not affect his financial interest. In many cases, where not otherwise required to participate, a municipal employee may comply with the law by simply not participating in the particular matter in which she has a financial interest. She need not give a reason for not participating. There are several exemptions to this section of the law. An appointed municipal employee may file a written disclosure about the financial interest with his appointing authority, and seek permission to participate notwithstanding the conflict. The appointing authority may grant written permission if she determines that the financial interest in question is not so substantial that it is likely to affect the integrity of his services to the municipality. Participating without disclosing the financial interest is a violation. Elected employees cannot use the disclosure procedure because they have no appointing authority.

Example where there is no violation: An appointed member of the town zoning advisory committee, which will review and recommend changes to the town's by-laws with regard to a commercial district, is a partner at a company that owns commercial property in the district. Prior to participating in any committee discussions, the member files a disclosure with the zoning board of appeals that appointed him to his position, and that board gives him a written determination authorizing his participation, despite his company's financial interest. There is no violation. There is also an exemption for both appointed and elected employees where the employee's task is to address a matter of general policy and the employee's financial interest is shared with a substantial portion (generally 10% or more) of the town's population, such as, for instance, a financial interest in real estate tax rates or municipal utility rates.

Regulatory exemptions. In addition to the statutory exemptions just mentioned, the Commission has created several regulatory exemptions permitting municipal employees to participate in particular matters notwithstanding the presence of a financial interest in certain very specific situations when permitting them to do so advances a public purpose. There is an exemption permitting school committee members to participate in setting school fees that will affect their own children if they make a prior written disclosure. There is an exemption permitting town clerks to perform election-related functions even when they, or their immediate family members, are on the ballot, because clerks' election-related functions are extensively regulated by other laws. There is also an exemption permitting a person serving as a member of a municipal board pursuant to a legal requirement that the board have members with a specified affiliation to participate fully in determinations of general policy by the board, even if the entity with which he is affiliated has a financial interest in the matter. Other exemptions are listed in the Commission's regulations, available on the Commission's website. **Example where there is no violation:** A municipal Shellfish Advisory Board has been created to provide advice to the Board of Selectmen on policy issues related to shellfishing. The Advisory Board is required to have members who are currently commercial fishermen. A board member who is a commercial fisherman may participate in determinations of general policy in which he has a financial interest common to all commercial fishermen, but may not participate in determinations in which he alone has a financial interest, such as the extension of his own individual permits or leases. **(e) False claims.**

Presenting a false claim to your employer for a payment or benefit is prohibited, and causing someone else to do so is also prohibited. (See Sections 23(b)(4) and 26)

A municipal employee may not present a false or fraudulent claim to his employer for any payment or benefit worth \$50 or more, or cause another person to do so.

Example of violation: A public works director directs his secretary to fill out time sheets to show him as present at work on days when he was skiing.

(f) Appearance of conflict. Acting in a manner that would make a reasonable person think you can be improperly influenced is prohibited. (See Section 23(b)(3))

A municipal employee may not act in a manner that would cause a reasonable person to think that she would show favor toward someone or that she can be improperly influenced. Section 23(b)(3) requires a municipal employee to consider whether her relationships and affiliations could prevent her from acting fairly and objectively when she performs her duties for a city or town. If she cannot be fair and objective because of a relationship or affiliation, she should not perform her duties. However, a municipal employee, whether elected or appointed, can avoid violating this provision by making a public disclosure of the facts. An appointed employee must make the disclosure in writing to his appointing official.

Example where there is no violation: A developer who is the cousin of the chair of the conservation commission has filed an application with the commission. A reasonable person could conclude that the chair might favor her cousin. The chair files a written disclosure with her appointing authority explaining her relationship with her cousin prior to the meeting at which the application will be considered. There is no violation of Sec. 23(b)(3).

(g) Confidential information. Improperly disclosing or personally using confidential information obtained through your job is prohibited. (See Section 23(c))

Municipal employees may not improperly disclose confidential information, or make personal use of non-public information they acquired in the course of their official duties to further their personal interests.

III. After-hours restrictions.

(a) Taking a second paid job that conflicts with the duties of your municipal job is prohibited. (See Section 23(b)(1))

A municipal employee may not accept other paid employment if the responsibilities of the second job are incompatible with his or her municipal job.

Example: A police officer may not work as a paid private security guard in the town where he serves because the demands of his private employment would conflict with his duties as a police officer.

(b) Divided loyalties. Receiving pay from anyone other than the city or town to work on a matter involving the city or town is prohibited. Acting as agent or attorney for anyone other than the city or town in a matter involving the city or town is also prohibited whether or not you are paid. (See Sec. 17)

Because cities and towns are entitled to the undivided loyalty of their employees, a municipal employee may not be paid by other people and organizations in relation to a matter if the city or town has an interest in the matter. In addition, a municipal employee may not act on behalf of other people and organizations or act as an attorney for other people and organizations in which the town has an interest. Acting as agent includes contacting the municipality in person, by phone, or in writing; acting as a liaison; providing documents to the city or town; and serving as spokesman.

A municipal employee may always represent his own personal interests, even before his own municipal agency or board, on the same terms and conditions that other similarly situated members of the public would be allowed to do so. A municipal employee may also apply for building and related permits on behalf of someone else and be paid for doing so, unless he works for the permitting agency, or an agency which regulates the permitting agency.

Example of violation: A full-time health agent submits a septic system plan that she has prepared for a private client to the town's board of health.

Example of violation: A planning board member represents a private client before the board of selectmen on a request that town meeting consider rezoning the client's property.

While many municipal employees earn their livelihood in municipal jobs, some municipal employees volunteer their time to provide services to the town or receive small stipends. Others, such as a private attorney who provides legal services to a town as needed, may serve in a position in which they may have other personal or private employment during normal working hours. In recognition of the need not to unduly restrict the ability of town volunteers and part-time employees to earn a living, the law is less restrictive for "special" municipal employees than for other municipal employees.

The status of “special” municipal employee has to be assigned to a municipal position by vote of the board of selectmen, city council, or similar body. A position is eligible to be designated as “special” if it is unpaid, or if it is part-time and the employee is allowed to have another job during normal working hours, or if the employee was not paid for working more than 800 hours during the preceding 365 days. It is the position that is designated as “special” and not the person or persons holding the position. Selectmen in towns of 10,000 or fewer are automatically “special”; selectman in larger towns cannot be “specials.” If a municipal position has been designated as “special,” an employee holding that position may be paid by others, act on behalf of others, and act as attorney for others with respect to matters before municipal boards other than his own, provided that he has not officially participated in the matter, and the matter is not now, and has not within the past year been, under his official responsibility.

Example: A school committee member who has been designated as a special municipal employee appears before the board of health on behalf of a client of his private law practice, on a matter that he has not participated in or had responsibility for as a school committee member. There is no conflict. However, he may not appear before the school committee, or the school department, on behalf of a client because he has official responsibility for any matter that comes before the school committee. This is still the case even if he has recused himself from participating in the matter in his official capacity.

Example: A member who sits as an alternate on the conservation commission is a special municipal employee. Under town by-laws, he only has official responsibility for matters assigned to him. He may represent a resident who wants to file an application with the conservation commission as long as the matter is not assigned to him and he will not participate in it.

(c) Inside track. Being paid by your city or town, directly or indirectly, under some second arrangement in addition to your job is prohibited, unless an exemption applies. (See Section 20)

A municipal employee generally may not have a financial interest in a municipal contract, including a second municipal job. A municipal employee is also generally prohibited from having an indirect financial interest in a contract that the city or town has with someone else. This provision is intended to prevent municipal employees from having an “inside track” to further financial opportunities. *Example of violation:* Legal counsel to the town housing authority becomes the acting executive director of the authority, and is paid in both positions.

Example of violation: A selectman buys a surplus truck from the town DPW.

Example of violation: A full-time secretary for the board of health wants to have a second paid job working part-time for the town library. She will violate Section 20 unless she can meet the requirements of an exemption.

Example of violation: A city councilor wants to work for a non-profit that receives funding under a contract with her city. Unless she can satisfy the requirements of an exemption under Section 20, she cannot take the job. There are numerous exemptions. A municipal employee may hold multiple unpaid or elected positions. Some exemptions apply only to special municipal employees. Specific exemptions may cover serving as an unpaid volunteer in a second town position, housing-related benefits, public safety positions, certain elected positions, small towns, and other specific situations. Please call the Ethics Commission’s Legal Division for advice about a specific situation.

IV. After you leave municipal employment. (See Section 18)

(a) Forever ban. After you leave your municipal job, you may never work for anyone other than the municipality on a matter that you worked on as a municipal employee.

If you participated in a matter as a municipal employee, you cannot ever be paid to work on that same matter for anyone other than the municipality, nor may you act for someone else, whether paid or not. The purpose of this restriction is to bar former employees from selling to private interests their familiarity with the facts of particular matters that are of continuing concern to their former municipal employer. The restriction does not

prohibit former municipal employees from using the expertise acquired in government service in their subsequent private activities.

Example of violation: A former school department employee works for a contractor under a contract that she helped to draft and oversee for the school department.

(b) One year cooling-off period. For one year after you leave your municipal job you may not participate in any matter over which you had official responsibility during your last two years of public service.

Former municipal employees are barred for one year after they leave municipal employment from personally appearing before any agency of the municipality in connection with matters that were under their authority in their prior municipal positions during the two years before they left.

Example: An assistant town manager negotiates a three-year contract with a company. The town manager who supervised the assistant, and had official responsibility for the contract but did not participate in negotiating it, leaves her job to work for the company to which the contract was awarded. The former manager may not call or write the town in connection with the company’s work on the contract for one year after leaving the town.

A former municipal employee who participated as such in general legislation on expanded gaming and related matters may not become an officer or employee of, or acquire a financial interest in, an applicant for a gaming license, or a gaming licensee, for one year after his public employment ceases.

(c) Partners. Your partners will be subject to restrictions while you serve as a municipal employee and after your municipal service ends.

Partners of municipal employees and former municipal employees are also subject to restrictions under the conflict of interest law. If a municipal employee participated in a matter, or if he has official responsibility for a matter, then his partner may not act on behalf of anyone other than the municipality or provide services as an attorney to anyone but the city or town in relation to the matter. *Example:* While serving on a city’s historic district commission, an architect reviewed an application to get landmark status for a building. His partners at his architecture firm may not prepare and sign plans for the owner of the building or otherwise act on the owner’s behalf in relation to the application for landmark status. In addition, because the architect has official responsibility as a commissioner for every matter that comes before the commission, his partners may not communicate with the commission or otherwise act on behalf of any client on any matter that comes before the commission during the time that the architect serves on the commission.

Example: A former town counsel joins a law firm as a partner. Because she litigated a lawsuit for the town, her new partners cannot represent any private clients in the lawsuit for one year after her job with the town ended. * * * * *

Town of Amherst CORI Policy

Adopted 4/22/2014

I. PURPOSE

This Policy outlines the requirements for the criminal history screening of prospective and current employees, subcontractors, volunteers and interns, professional licensing applicants, and applicants for the rental or leasing of housing. The Amherst Police Department maintains separate CORI policy consistent with its needs and accreditation standards.

II. APPLICATION

State law and regulations govern the use of Criminal Offender Record Information (CORI) and other criminal history checks by a municipality. When such checks are conducted, such as in connection with an application for employment, volunteer work, licensing purposes, or the rental or leasing of housing, the following practices and procedures will be followed. Violations of CORI laws and regulations are actionable in accordance with state law, and may also result in disciplinary action against an employee found to have violated said laws and regulations, up to and including termination from employment.

III. POLICY

A. Access to CORI

All CORI obtained from the Massachusetts Department of Criminal Justice Information System (DCJIS) shall remain **CONFIDENTIAL**, and CORI may only be disclosed to those individuals who have a “need to know” the information in order to fulfill their duties. This may include hiring recommenders, staff submitting the CORI requests, and staff charged with processing applications. However, every effort will be made to limit the number of individuals authorized to access or receive CORI. The Town, through its designated CORI Representative, the Director of Human Resources, must maintain and keep a current list of each individual authorized to have access to, or view, CORI. This list must be updated every six (6) months and is subject to inspection upon request by the DCJIS at any time.

Pursuant to state regulations, all CORI certifications must be renewed annually, and any persons authorized to access CORI are required to be retrained annually.

B. Training

All personnel authorized to review or access CORI, which includes all personnel authorized to conduct criminal history background checks, shall review and be thoroughly familiar with the educational and relevant training materials regarding CORI laws and regulations made available by the DCJIS.

C. Conducting CORI Screening

CORI checks will only be conducted as authorized by the DCJIS and G.L. c. 6, § 172, and only after a CORI Acknowledgement Form has been completed by the individual to be checked.

With the exception of screening for the rental or leasing of housing, if a new CORI check is to be made on a subject within a year of his/her signing of the CORI Acknowledgement Form, the subject shall be given seventy two (72) hours’ notice that a new CORI check will be conducted. If a requestor is screening for the rental or leasing of housing, a CORI Acknowledgement Form shall be completed for each and every CORI check.

In accordance with state regulations, prior to running a CORI check, the applicant’s identity will be verified with government-issued photographic identification (such as a driver’s license). If the individual has not been issued such a form of identification, then the applicant’s information will be verified with a government-issued non-photographic identification, such as a birth certificate or social security card, or other identification authorized by DCJIS. A copy of this identification, together with the CORI Acknowledgment Form, shall be maintained on file by Town for at least one year from the date the Form was signed by the applicant.

In no instance will the applicant be asked or required to provide a copy of his/her own CORI.

D. Use of Criminal History in Employment Background Screening

CORI used for employment purposes shall only be accessed for applicants who are otherwise qualified for the position for which they have applied. In most instances, CORI shall only be accessed for applicants who have been tendered a qualified offer of employment. Unless otherwise provided by law, a criminal record will not automatically disqualify an applicant. Rather, determinations of suitability based on background checks will be made consistent with this Policy and any applicable law or regulations.

E. Use of a Credit Reporting Agency to Conduct CORI Checks

If a Credit Reporting Agency (CRA) is used to conduct CORI checks on applicants, Town will comply with the state regulations particular to use of a CRA.

F. Verifying Subject's Identity Once CORI Record is Received

If a criminal record is received from the DCJIS, the information is to be closely compared with the information on the CORI Acknowledgement Form and any other identifying information provided by the applicant to ensure the record belongs to the applicant. If the information in the CORI record provided does not exactly match the identification information provided by the applicant, a determination is to be made by an individual authorized to make such determinations based on a comparison of the CORI record and documents provided by the applicant.

G. Inquiring About Criminal History

In connection with any decision regarding employment, volunteer opportunities, housing, or licensing, the subject shall be provided with a copy of the criminal history record, whether obtained from the DCJIS or from any other source, prior to questioning the subject about his or her criminal history, and **PRIOR** to making any adverse decision based upon the applicant's criminal history. The source(s) of the criminal history record is also to be disclosed to the subject.

H. Determining Suitability

If a determination is made, based on the information as provided in Section F of this Policy, that the criminal record belongs to the subject, and the subject does not dispute the record's accuracy, then the determination of suitability for the position or license will be made. Unless otherwise provided by law, a criminal record will not automatically disqualify an applicant. Rather, determinations of suitability based on CORI checks will be made consistent with this Policy and any applicable law or regulation. Factors to be considered in determining suitability may include, but not be limited to, the following:

- (1) Relevance of the offense(s) noted on the record to the position or license sought, or to public housing;
- (2) The nature of the work to be performed (where applicable);
- (3) Time since the conviction;
- (4) Age of the candidate at the time of the offense;
- (5) Seriousness and specific circumstances of the offense;
- (6) The number of offenses;
- (7) Whether the applicant has pending charges;
- (8) Any relevant evidence of rehabilitation or lack thereof; and
- (9) Any other relevant information, including information submitted by the candidate or requested by the organization.

Whenever possible, the applicant is to be notified of the decision and the basis for it in a timely manner.

I. Adverse Decisions Based on CORI

If an authorized official is inclined to make an adverse decision based on the results of a criminal history background check, the applicant will be notified promptly. The subject shall be provided with copies of: 1) the organization's CORI Policy; 2) the criminal history at issue, indicating the source(s) of said criminal history; and 3) DCJIS' *Information Concerning the Process for Correcting a Criminal Record*, or other similar information

published by DCJIS relating to the process for correcting CORI.

The subject will then be provided with a reasonable opportunity to dispute the accuracy of the CORI record and/or submit additional information. In most instances, that reasonable opportunity shall be seven (7) calendar days from date of notification from the Town of the potential of an adverse decision, unless there are extenuating circumstances. Upon the timely receipt of additional documentation/information from the applicant and/or the DCJIS, the Town shall review the information. If the CORI record does not exactly match the identification information provided by the applicant, the Town will make a determination based upon a comparison of the CORI record and documentation provided by the applicant. The Town shall document all steps it takes in this regard.

In the case of license applications, the Town will additionally provide the applicant with information regarding any applicable appeal process, including the opportunity to dispute the accuracy of the CORI at issue.

J. Maintenance of CORI

All CORI information, including CORI Acknowledgment Forms and copies of government- issued identification, will be maintained in a secure fashion. This means that hard copies will be stored in a separate, locked, location; electronically-stored CORI will be password protected and encrypted. No CORI shall be stored using public cloud storage methods.

CORI shall be destroyed within seven years from: the date of hire, or date of entrance into volunteer service (employment); date of final licensing decision (licensing); last date of residency or date of housing decision (housing), whichever is later.

Destruction shall occur by shredding or other similar means (hard copies), prior to disposal. Electronically-stored CORI shall be deleted from all hard drives on which they are stored and from any system used to back up the information. Appropriate measures shall be taken to “clean” any computer used to store CORI, prior to disposal or repurposing of such a computer.

H. Secondary Dissemination Logs

All CORI obtained from the DCJIS is **CONFIDENTIAL** and can only be disseminated as authorized by law and regulation. A central “secondary dissemination log” shall be used to record *any* dissemination of CORI outside this organization, including dissemination at the request of the subject. That log must contain the following information: 1) the applicant/subject’s name; 2) the applicant/subject’s date of birth; 3) the date and time of dissemination; 4) the name of the person to whom the CORI was disseminated, including the name of the organization for whom the person works (if applicable); and 5) the specific reason for the dissemination. These logs must be maintained for at least one year from the date of dissemination; they may be maintained electronically or on paper in the same secure manner as other CORI information; and are subject to audit by DCJIS.

INFORMATION CONCERNING THE PROCESS IN CORRECTING A CRIMINAL RECORD

1. If you have undergone a background check by an agency that has received a criminal record from the DCJIS, you may ask the agency to provide you with a copy of the criminal record. You may also request a copy of your adult criminal record from the Department of Criminal Justice Information Services, 200 Arlington Street, Suite 2200, Chelsea, MA 02150 or by calling (617)660-4640 or go to the Massachusetts iCORI service

5. If you believe that a case is opened on your record that should be marked closed, you may contact the Office of the Commissioner of Probation Department at the court where the charges were brought and request that the case(s) be updated.
6. If you believe that a disposition is incorrect, contact the Chief Probation Officer at the court where the charges were brought or the CARI Unit at the Office of the Commissioner of Probation and report that the court incorrectly entered a disposition on your criminal record.
7. If you believe that someone has stolen or improperly used your identity and were arraigned on criminal charges under your name, you may contact the Office of the Commissioner of Probation CARI Unit or the Chief Probation Officer in the court where the charges were brought.
8. In some situations of identity theft, you may need to contact the DCJIS to arrange to have fingerprints analysis conducted.
9. If there is a warrant currently outstanding against you, you need to appear at the court and ask that the warrant be recalled. You cannot do this over the telephone.
10. If you believe that an employer, volunteer agency, housing agency or municipality has been provided with a criminal record that does not pertain to you, the agency should contact the CORI Unit for assistance at (617)660-4640.

Town of Amherst Domestic Violence Leave Act Policy

Adopted January 20, 2015 by Town Manager

I. PURPOSE

This Policy describes the eligibility and procedural requirements relating to the administration of leave taken pursuant to the Massachusetts Domestic Violence Leave Act, G.L. c. 149, §52E (“DVLA” or “the Act”).

II. APPLICATION

This Policy applies to all employees of the Town of Amherst (“Town”), excluding those employees under the supervision and control of the School Committee. Employees whose employment is governed by a collective bargaining agreement are subject only to those provisions of this Policy not specifically regulated by law or agreement.

III. POLICY

The Town is committed to complying with the DVLA, as it may be amended from time to time. In the event of any conflict between the Town’s DVLA policy and the state law and any applicable regulations, the state law/regulations applicable to the Town and its employees shall prevail.

IV. PROCEDURES

A. Eligibility

To qualify for domestic violence leave under the DVLA, an employee or a covered family member must be the victim of “*abusive behavior*.” “Abusive behavior” includes any of the following behaviors: domestic violence, stalking, sexual assault or kidnapping.

Domestic violence is abuse against an employee or a covered family member by a current or former spouse, a person with whom the victim shares a child, a person cohabitating with or who has cohabitated with the victim in the past, a relative by blood or marriage, or a person with whom the employee or family member has or had a substantial dating or engagement relationship.

A Covered family member includes a spouse, parent, step-parent, child, step-child, sibling, grandparent, grandchild, persons in a substantive dating relationship or who reside together, persons having a child in common, or persons in a guardian relationship. In the case of abuse of a family member, the employee is not entitled to leave if he or she is the alleged perpetrator.

B. Duration of Leave

If an employee or a covered family member of the employee is a victim of abusive behavior, he/she may take up to fifteen (15) days of unpaid leave in any 12-month period. If Family Medical Leave Act benefits are requested and granted, the leaves will run concurrently. Unless otherwise specified in collective bargaining agreement, employees are required to use personal or vacation leave before taking unpaid leave under the DVLA. Accrued sick leave may only be applied if medically documented as described below and according to contract or department sick leave rules),

C. Reasons for Requesting Leave

Employees may request leave to address issues directly related to the abusive behavior. This includes seeking medical attention, counseling or victim services. Leave may also be taken to obtain legal assistance, to attend or appear in court proceedings, or to meet with a district attorney or law enforcement personnel. It is not a requirement of the Act that the employee maintain contact with the alleged abuser before being eligible for leave.

D. Notice

Employees must provide sufficient advance notice of the decision to use domestic violence leave unless there is a threat of imminent danger to the health or safety of the employee or a member of the employee's family. An employee who does not give advance notice must notify the employer within three (3) work days that leave is being taken pursuant to the DVLA. The notice may be provided by certain specified individuals other than the employee.

If an unscheduled absence occurs, the employee has 30 calendar days to produce documentation of the need for leave, in accordance with paragraph E, below. Upon receipt, review and acceptance of said documentation, the Town may need to "reverse" any negative action taken in the absence of the documentation in a timely manner.

E. Documentation

Employees taking leave pursuant to the DVLA may be required to provide documentation evidencing that the employee or employee's family member has been a victim of abusive behavior. If requested, an employee is required to provide such documentation within a reasonable period after the request is made. An employee can satisfy this requirement by providing any one of the following documents:

- A protective order issued by a court as a result of abusive behavior against the employee or employee's family member;
- A document under the letterhead of the court, provider or public agency which the employee attended for the purposes of acquiring assistance as it relates to the abusive behavior;
- A police report or statement of a victim or witness provided to police, including a police incident report, documenting the abusive behavior;
- Documentation that the perpetrator of the abusive behavior against the employee or family member of the employee has admitted to sufficient facts in court, or has been convicted of any offense constituting abusive behavior;
- Medical documentation of treatment as a result of the abusive behavior;
- A sworn statement provided by a counselor, social worker, or health care worker who has assisted the employee or the employee's family member; or
- A sworn statement from the employee attesting that the employee has been the victim of abusive behavior.

F. Return to Work

Employees who take leave pursuant to the DVLA will be restored to their original or equivalent position upon return from leave unless circumstances unrelated to the employee's use of leave would have caused a change in employment status. The City/Town shall not retaliate against an employee for exercising his/her rights under the DVLA.

G. Confidentiality

With limited exceptions set forth by law, information related to the employee's leave shall remain confidential.

Town of Amherst Drug and Alcohol-Free Workplace Policy

Adopted December 2017 by Town Manager

I. PURPOSE

This Policy outlines prohibited workplace conduct with respect to controlled substances and alcohol. This Policy complies with the Town's obligations under the Federal Drug-Free Workplace Act, 41 U.S.C. § 8101, et seq.

II. APPLICATION

This Policy applies to all employees of the Town. Employees whose employment is governed by a collective bargaining agreement are subject only to those provisions of this Policy not specifically regulated by law or agreement.

III. POLICY

It is the Policy of the Town to provide employees with a working environment that is free of the problems associated with the use and abuse of alcohol and controlled substances. The use of controlled substances is inconsistent with the behavior expected of employees and subjects the Town to unacceptable risk of workplace accidents or other failures that would undermine the Town's ability to operate effectively and efficiently.

IV. PROCEDURES

A. The non-prescriptive use, sale, possession, distribution, manufacture, or transfer of controlled substances, marijuana or alcohol, including on-the-job and while working consumption on Town property, or at any other worksite where employees may be assigned, or elsewhere during work hours, is prohibited, unless such action is a requirement of the employee's job (aka-sale of beer at Cherry Hill Golf Course). Although certain uses of marijuana have been decriminalized in the Commonwealth of Massachusetts, the use of marijuana on Town property or any other worksite where employees may be assigned remains strictly prohibited.

B. Further prohibited is the use, sale, possession, distribution, dispensation, manufacture, or transfer of controlled substances, marijuana, or alcohol on non-working time to the extent that such use impairs an employee's ability to perform his/her job during assigned work hours.

C. Employees who are convicted of controlled substance-related violations under state or federal law in the workplace, including alcohol or marijuana related violations, or who plead guilty or *nolo contendere* to such charges, must inform their department head or appointing authority within five (5) days of such conviction or plea. Department heads or appointing authorities shall immediately notify the Town Manager.

D. Employees who are convicted or who plead guilty or *nolo contendere* to such drug related violations, or are found to have consumed or to be impaired by controlled substances, marijuana or alcohol while on-duty, may be required to successfully complete a drug abuse or similar program as a condition of continued employment or reemployment with the Town.

E. All employees must sign a statement acknowledging that they have been informed of the rules and requirements of the Drug-Free Workplace Act.

V. EMPLOYEE ASSISTANCE PROGRAM

The Town recognizes drug and alcohol dependency as an illness and a major public health problem. The Town’s objective is to prevent drug-related offenses prior to their occurrence. Employees who wish to obtain help in dealing with such problems are encouraged to contact the Human Resources Department or their healthcare provider for assistance. Conscientious efforts to seek such help will not jeopardize an employee’s job, and will not be noted in any personnel record.

VI. SANCTIONS

Violations of any and all provisions of this Policy may result in disciplinary action, up to and including termination from employment.

DRUG AND ALCOHOL-FREE WORKPLACE POLICY

This acknowledges that I have received and reviewed the Town of Amherst’s Drug and Alcohol-Free Workplace Policy (“Policy”). By signing this form, I agree to abide by the Policy and any Guidelines promulgated thereunder, and I agree to review periodically any changes or modifications.

I recognize that the law and associated Policy regarding drugs and alcohol in the workplace are continually evolving. Therefore, I understand that my regular review of this Policy, as it may be amended, is required.

Town of Amherst Equal Employment Opportunity Policy

The Town of Amherst is committed to the principles of Equal Employment Opportunity and shall comply with all federal and state laws that have been or shall be enacted for the purposes of eliminating discrimination in all phases of the employment process and the provision of services and programs. For the Town's complete EEO policy see Appendix B. The Equal Employment Opportunity policy of the Town is:

It shall be the policy of the Town of Amherst to guarantee equal opportunity to all qualified applicants and to all employees with respect to initial appointment, advancement, compensation, and general working conditions without regard to age, race, color, religious affiliation, gender, gender identity, ethnicity, military or veteran status, national origin, sexual orientation, disability, pregnancy, childbirth or related condition, or genetic information.

Under the laws enforced by EEOC, it is illegal to discriminate against someone (applicant or employee) because of that person's race, color, religion, sex (including gender identity, sexual orientation, and pregnancy), national origin, age (40 or older), ethnicity, disability or genetic information. It is also illegal to retaliate against a person because he or she complained about discrimination, filed a charge of discrimination, or participated in an employment discrimination investigation or lawsuit. The law forbids discrimination in every aspect of employment.

The Town actively seeks ways to ensure equal opportunity for all individuals and is committed to respond promptly to any complaints of violations. The Town Manager is the Equal Employment Opportunity representative of the Town. The Town Manager is responsible for compliance and shall inform Department Heads, board and committee chairs and employees of actions they need to take in order to comply. All Department Heads, chairpersons, and employees are expected to cooperate fully in complying with and implementing the Equal Employment Opportunity Policy.

The Town Manager may delegate responsibility for day to day administration of the Equal Employment Opportunity Policy. That person is currently the Human Rights Director.

Any employee may meet with The Town Manager, Library Director or their designee, (henceforth known as the "arbiter") to discuss an Equal Employment Opportunity Policy concern. Communication with the complainant's Department Head and an informal attempt to resolve the complaint is encouraged prior to filing a formal complaint, but the Department Head may not deny or delay the initiation of a complaint.

Formal Equal Employment Opportunity complaints are to be pursued in accordance with the following Procedure and timeframes, unless the Town and complainant mutually agree to extend:

- STEP 1 An employee must file a complaint with the arbiter within sixty (60) calendar days of the alleged discrimination.
- STEP 2 The arbiter will review and investigate a complaint and render a decision on it within ten (10) working days from the receipt of the complaint.
- STEP 3 If the complainant is not satisfied with the decision of the arbiter, then within ten (10) working days the complaint should be forwarded to the Chairperson of the Personnel Board.

- STEP 4 The Chairperson of the Personnel Board will conduct an investigation, and will render a decision to the complainant and the Town Manager on their findings within thirty (30) working days.
- STEP 5 If the complainant is not satisfied with the decision of the Chairperson of the Personnel Board, the complainant may pursue the case with the Massachusetts Commission against Discrimination (MCAD), or the Equal Employment Opportunity Commission (EEOC).

Town of Amherst Military Leave Policy

Adopted October 22, 2014 by Town Manager

Under the Federal Uniformed Services Employment and Reemployment Rights Act (USERRA), employers are **required** to release the employee for military service and are **required** to re-employ upon return from the military commitment. There is no requirement under Federal Law that the employer compensate the employee during the absence.

The State Law (MGL 33, §59) is referenced in all contracts and the personnel procedures manual. In Massachusetts, state law provides for paid compensation for limited attendance at Annual Training (AT), or more infrequently, when the employee is called to active service. The employee receives **orders** for any activation. Orders that may be entitled to compensation will indicate **Active Duty**.

The maximum number of annual Federal Fiscal Year compensated military leave hours available for Town compensation is **104** hours for all employees except Fire which has a maximum of **120** hours.

It is the employee's responsibility to submit their schedule or orders in advance in order to be eligible for compensation and to accrue eligible leave and seniority time for the duration of the order. For emergencies, the employee may receive the orders after the fact but they still need to submit them. All orders must be scanned to Human Resources and an email or other form of communication needs to be made to make HR aware of their existence.

Although not required by law, The Town of Amherst has historically included military leave (except for deployment when the person is off payroll) as time worked in its accruals of seniority and "other rights and benefits determined by seniority" whether the employee received pay or not for the absence. This includes retirement creditable service, longevity credit and years toward next level of vacation accrual.

Required attendance at **Weekend drills** and **Active Duty Training (ADT)** are not compensable by the Town. Employees may, at their own option, request to use accrued vacation, compensatory, or personal leave (not sick leave) time while on uncompensated military leave. This request must be indicated, with the type of requested leave time, on their payroll submission.

I, _____ acknowledge receipt of the above information.

Payroll

All Military Leave and Pay is pay code 510.

Annual Training (AT) compensation is entered as hours under pay code 510. No other dollar adjustment is made.

Weekend drills and Active Duty Training (ADT) are uncompensated unless offset with accrued leave time. If the employee is not using personal leave accruals, the payroll processor enters the hours under pay code 510; **and then zeros out the compensation \$\$.** (Doing this will allow the employee to have the time counted as hours worked for the purpose of accruing vacation and sick leave benefits). Employees requesting use of accrued vacation, compensatory, or personal leave (not sick leave) to

replace or partially offset the zero pay will have their hours entered in payroll **ONCE**. For example, an employee with 40 hours of military time that has requested to use 20 hours of vacation during that time, will have payroll entered as 20 vacation hours, and 20 military leave hours **at zero pay**. They cannot receive military pay compensation and use leave time too for the same hours so these 40 hours can't be entered as both vacation and military leave.

Text of the State Law:

MGL 33, Section 59. Any person in the service of the commonwealth, or of a county, city or town which, by vote of its county commissioners or city council or of its inhabitants at a town meeting, accepts this section, or has accepted similar provisions of earlier laws, shall be entitled, during the time of his service in the armed forces of the commonwealth, under section 38, 40, 41, 42 or 60, or during his annual tour of duty of not exceeding 34 days in any state fiscal year and not exceeding 17 days in any federal fiscal year as a member of a reserve component of the armed forces of the United States, to receive pay therefor, without loss of his ordinary remuneration as an employee or official of the commonwealth, or of such county, city or town, and shall also be entitled to the same leaves of absence or vacation with pay given to other like employees or officials.

Sections referred to in the above:

Section 38 Use of militia; escort duties; emergencies

The commander in chief may order out any part of the organized militia for escort and other duties including special duty and emergency assistance to state and local civil authorities in the preservation of life and property.

Section 40 Use of militia; invasion or insurrection

The commander-in-chief shall order out the armed forces to repel an invasion or to suppress an insurrection made or threatened.

Example would be deployments to the Middle East – orders are received in advance and if the employee has not already reached the total days allowed for, they could receive pay until that threshold was met.

Section 41 Use of militia; riots

In case of a tumult, riot, mob or body of persons acting together by force to violate or resist the laws of the commonwealth, or when such tumult, riot or mob is threatened, or in case of public catastrophe or natural disaster, and the usual police provisions are inadequate to preserve order and afford protection to persons and property, and the fact appears to the commander-in-chief, to the sheriff of a county, to the mayor or city manager of a city or to the selectmen of a town, the commander-in-chief, upon his initiative or at the request of such sheriff, mayor or city manager or selectmen, may issue his order directed to the commander of any organization or unit of the armed forces of the commonwealth directing him to order his command, or any part thereof, to appear at a time and place therein specified to aid the civil authority in suppressing such violations, preserving order, affording such protection and supporting the laws.

Example of this would be the October 2010 Snowstorm where some members of the National Guard were activated. Most did not receive their written military orders until after the fact.

Section 42 was repealed in 1979

Section 60 Annual Training Period. The armed forces of the commonwealth shall perform during each year not less than fifteen days' training under service conditions at times and places designated by the commander-in-chief.

This is what the law is typically being used for – the employee receives their orders in advance.

Town of Amherst Policy Against Sexual Harassment and Unlawful Harassment

Revised December 2017 by Town Manager

I. Policy Statement

It is the policy of the Town of Amherst to maintain a working environment free from sexual harassment, or any other form of unlawful harassment or practice. Sexual Harassment in the work place is unlawful. Inappropriate or disrespectful conduct and unwanted communication of a sexual nature or harassing nature is prohibited. The Town of Amherst will not tolerate conduct which creates an intimidating, hostile, humiliating, or sexual offensive work place or work environment. Sexual Harassment or any other unlawful harassment or practice by any Town employee, by another employee, a supervisor, or an officer of the town is prohibited.

The Town recognizes the importance of an employee's right to work in a non-hostile environment regarding sexual and other unlawful harassment. To that end, the Town of Amherst will take all reasonable actions to ensure that no employee be subjected to sexual or other unlawful harassment by any member of the public.

II. Definitions

Sexual Harassment - "Sexual Harassment" for the purpose of this policy shall include the definitions of sexual harassment as stated in the guidelines issued by the United States Equal Employment Opportunity Commission in connection with Title VII of the Civil Rights Act of 1964 and Massachusetts General Laws, chapter 151B, Section 1, and Title I of the Civil Rights Act of 1991. In Massachusetts, the legal definition for sexual harassment is this: "sexual harassment" means sexual advances, requests for sexual favors, and verbal or physical conduct of a sexual nature when:

- (a) submission to or rejection of such advances, requests or conduct is made either explicitly or implicitly a term or condition of employment or as a basis for employment decisions; or,
- (b) such advances, requests or conduct have the purpose or effect of unreasonably interfering with an individual's work performance by creating an intimidating, hostile, humiliating or sexually offensive work environment.

Under these definitions, direct or implied requests by a supervisor for sexual favors in exchange for actual or promised job benefits such as favorable reviews, salary increases, promotions, increased benefits, or continued employment constitutes sexual harassment.

The legal definition of sexual harassment is broad and in addition to the above examples, other sexually oriented conduct, whether it is intended or not, that is unwelcome and has the effect of creating a work place environment that is hostile, offensive, intimidating, or humiliating to male or female workers may also constitute sexual harassment.

All employees should take special note that retaliation against an individual who has complained about sexual harassment, and retaliation against individuals for cooperating with an investigation of a sexual harassment complaint is unlawful and will not be tolerated by the Town of Amherst.

"Unlawful Harassment or Practice" - for the purpose of this policy shall include definitions of unlawful practices as stated in guidelines issued by the United States Equal Employment Opportunity Commission in connection with Title VII of the Civil Rights Act of 1964 and Massachusetts General

Laws, Chapter 151 B, section 1, and Title I of the Civil Rights Act of 1991. The Civil Rights act of 1964 prohibits discrimination against any employee due to their race, color, religion, sex or national origin. Chapter 151 B, Section 1 of Massachusetts General Laws identifies as an unlawful practice any discrimination because of the race, color, religious creed, national origin, sex, sexual orientation, genetic information or ancestry of an employee, gender identity, and pregnancy, childbirth or related condition. Harassment becomes unlawful where enduring the offensive conduct becomes a condition of continued employment or (b) the conduct is severe or pervasive enough to create a work environment that a reasonable person would consider intimidating, hostile or abusive.

Employee - A person hired or authorized to perform work or carry out tasks, duties, or responsibilities on behalf of the Town of Amherst, whether or not the person receives compensation for these activities. A Town board or committee member is an employee of the Town for purpose of this policy. An independent contractor or any employee of any independent contractor shall not be considered an employee of the Town of Amherst for the purpose of the policy unless the independent contractor performs his/her work for the town in a work place controlled by the Town of Amherst under the supervision of a Town employee, office, board, or committee

Work Place - Any office, building, facility, vehicle, indoor or outdoor area under the control of the Town of Amherst in which any employee is expected or required to carry out the functions of his/her position.

Supervisor - The person, board, committee, or commission to whom an Employee reports or is responsible for the performance of his/her assigned duties on a daily basis.

Respondent(s) - The person(s) accused of sexual harassment or unlawful harassment.

III. POLICY, PROHIBITED CONDUCT, RESPONSIBILITY OF SUPERVISORS

A. No employee, supervisor, or other official shall engage in any action toward any other Town employee which shall constitute sexual and/or other unlawful harassment under this policy. Specifically, no one shall threaten or insinuate, either explicitly or implicitly, that an employee's refusal to submit to sexual advances will in any way adversely affect the employee's employment, evaluation, salary, advancement, assignment, scheduling, or any other condition of employment or career progress; no employee or supervisor shall engage in any action toward any other Town of Amherst employee which shall constitute any other form of unlawful harassment or practice. No one shall engage in such behavior that may create an offensive or hostile work environment.

B. While it is not possible to list all additional circumstances that may constitute sexual harassment, the following are some examples of conduct which if unwelcome, may constitute sexual harassment depending upon the totality of the circumstances including the severity of the conduct and its pervasiveness.

1. Unwelcome sexual advances, whether they involve physical touching or not;
2. Sexual epithets, jokes, written or oral references to sexual conduct, gossip regarding one's sex life; comment on an individual's body comment about an individual's sexual activity, deficiencies or prowess;

Town of Amherst Massachusetts Pregnant Workers Fairness Act Policy

Adopted December 2017 by Town Manager

I. PURPOSE

On July 27, 2017, Governor Charlie Baker signed into law An Act Establishing the Massachusetts Pregnant Workers Fairness Act, Chapter 54 of the Acts of 2017. The Pregnant Workers Fairness Act will provide needed and reasonable accommodations to pregnant workers in Massachusetts.

II. APPLICATION

Effective April 1, 2018, this Policy applies to all employees of the Town of Amherst (“Town”), excluding those employees under the supervision and control of the School Committee. Employees whose employment is governed by a collective bargaining agreement are subject only to those provisions of this Policy not specifically regulated by law or agreement.

III. POLICY

The Town is committed to complying with the Pregnant Workers Fairness Act. In the event of any conflict between the Town’s policy and the state law and any applicable regulations, the state law/regulations applicable to the Town and its employees shall prevail.

IV. PROCEDURES

What the law does:

The Pregnant Workers Fairness Act makes it unlawful for an employer in Massachusetts to discriminate against an employee due to pregnancy or a condition related to pregnancy including, but not limited to, lactation or the need to express breast milk for a nursing child. The law updates MGL Chapter 151B, the Massachusetts anti-discrimination law to include these new provisions.

Specifically, the law makes it unlawful to:

1. Take adverse action or retaliate against an employee who requests or uses a reasonable accommodation for pregnancy or related medical conditions. This includes, but is not limited to, failing to reinstate the employee to the original employment status or to an equivalent position with equivalent pay and accumulated seniority, retirement, fringe benefits and other applicable service credits when the need for reasonable accommodation ceases.
2. Deny an employment opportunity to an employee if the denial is based on the employee’s pregnancy or related condition.
3. Require a pregnant employee or employee with a pregnancy related condition to accept an accommodation that the employee chooses not to accept, if that accommodation is unnecessary to enable the employee to perform the essential functions of the job.
4. Require an employee to take leave if another reasonable accommodation may be provided without undue hardship to the employer.
5. Making pre-employment inquiry of a job applicant related to pregnancy, childbirth, or a related condition.

The law also sets up a process for a pregnant employee or pregnant prospective employee, or an employee or prospective employee with a pregnancy related condition to engage with an employer in establishing reasonable accommodations.

- Upon the request of an accommodation from the employee or prospective employee, the employee and employer must engage in a timely, good faith and interactive process to determine an effective, reasonable accommodation to enable the employee to perform the essential functions of the position.

Reasonable accommodations: Under the law, reasonable accommodations include, but are not limited to:

- More frequent or longer paid or unpaid breaks
- Time off to attend to a pregnancy complication or recover from childbirth with or without pay
- Acquisition or modification of equipment or seating
- Temporary transfer to a less strenuous or hazardous position
- Job restructuring
- Light duty
- Break time and private non-bathroom space for expressing breast milk
- Assistance with manual labor
- Modified work schedule

The Town can only deny a reasonable accommodation for an employee's pregnancy or condition related to the employee's pregnancy, including but not limited to lactation or the need to express breast milk for a nursing child, if the Town can demonstrate that the accommodation would impose an undue hardship on the Town.

Undue Hardship: Under the law, the Town has the burden of proving undue hardship, which is defined as an action requiring significant difficulty or expense. In determining undue hardship, employers must consider the following factors:

- The nature and cost of the needed accommodation
- Overall financial resources of the employer
- The overall size of the business of the employer with respect to the number of employees and the number, type and location of its facilities
- The effect on expenses and resources or any other impact on the employer's program, enterprise or business

Documentation:

The Town may require documentation about the need for a reasonable accommodation from an appropriate health care professional, unless it is for:

- More frequent restroom, food or water breaks during pregnancy
- Seating
- Limits on lifting over 20 pounds
- Private non-bathroom space for expressing breast milk

If an employee requests an extension of the originally agreed upon accommodation, the Town may require documentation.

The Town is required by law to distribute this written policy to their employees and is available online on the Human Resources website. It is also found in the appendix of the Personnel and Procedures Manual. New employees will receive a copy at the commencement of employment. An employee who notifies the Human Resources Department of a pregnancy or a condition related to the employee's pregnancy shall receive a copy of this policy within 10 days.

PREGNANT WORKERS FAIRNESS ACT POLICY

This acknowledges that I have received and reviewed the Pregnant Workers Fairness Act Policy. By signing this form, I agree to abide by the Policy and any Guidelines promulgated thereunder. I understand that my regular review of this Policy, as it may be amended, is required.

Official Town Social Media Guidelines:

Social networks consist of social media content within online communities of people or organizations that share interests and/or activities and use a wide variety of Internet technology to make the interaction a rich and robust experience. Social media may facilitate discussion on Town issues, operations, and services by providing members of the public the opportunity to participate in a variety of ways via the Internet. Examples of social networks and social media (“Social Media”) include, for example, Facebook, blogs, YouTube, Twitter, LinkedIn, Flickr, various 3rd party email accounts, instant messaging tools and general websites.

The Town views Social Media positively, recognizes that these tools may significantly influence reputation, and understands that Social Media is the basis for much wider changes taking place in online media that may increasingly affect Town services delivered to constituents. Because of this, the Town has an overriding interest and expectation in deciding official statements or messaging on behalf of the Town on Social Media. The use of Social Media must be tempered with common sense, good judgment, discretion, and responsibility to maximize the benefits of these resources and minimize potential liability.

Town Departments are encouraged to use **Town sponsored** social media to further department goals. The Town’s official uses of Social Media must meet one of the following three categories:

1. As a channel for disseminating Town-related time-sensitive information to the public;
2. As a channel for enhancing communications with constituents, businesses, and stakeholder organizations related to conducting business with the Town; and/or
3. As a channel for marketing, promoting, or otherwise furthering the Town’s goals and objectives by publishing news and articles, facilitating discussions, and communicating information related to Town accomplishments, promotions, or other marketing events.

The Town’s websites (Amherstma.gov, Joneslibrary.org, LSSE.org, AmherstPD.org, CherryHillGolf.org, etc.) will remain the Town’s official, primary and predominant Internet presence.

Wherever possible, content posted to Town sponsored Social Media should also be available on the Town’s primary sites. The Information Technology department can assist with linking from Town sponsored Social Media sites back to official Town websites.

Wherever possible, content posted to Town Social Media should contain links directing users back to the Town’s official websites for in-depth information, forms, documents, or online services necessary to

conduct business with the Town.

The intended purpose of Social Media is to serve as a mechanism for communication between Town departments and members of the public. Town Social Media postings should not contain:

- Comments in support of or opposition to political campaigns or ballot measures
- Profane language or content
- Content that promotes, fosters, or perpetuates discrimination
- Sexual content or links to sexual content
- Solicitations of commerce
- Conduct or encouragement of illegal activity
- Information that may compromise the safety or security of the public or public systems
- Any content removed based on these guidelines must be retained, including the time, date and identity of the poster when available
- Content that otherwise violates any applicable federal or state law, and/or exposes the Town to any liability claim.

Submission of comments by members of the public to Town Social Media may constitute participation in a limited public forum. Town Social Media is subject to Public Record Retention Laws.

User participation in non-Town sponsored social media:

Users who participate in non-Town sponsored Social Media are encouraged to make it clear they are speaking for themselves when doing so. Users who participate in non-Town sponsored Social Media may not use the Town of Amherst seal, tagline, or other marketing related material in order to avoid confusing visitors, or suggesting the appearance that the Social Media posts are representative of the Town’s position, opinion, or view.

Town Issued Mobile Device Policy:

Staff are responsible for securing and paying for their own cell phone, and the Town will reimburse for the reasonable municipal use of the phone. **All devices approved for reimbursement and/or accessing Town resources, are subject to the terms and conditions of this entire policy.**
