**Re: SPP2015-00001 – One East Pleasant Street
Special Permit for Dimensional Modifications – Building Coverage and Height**

November 12, 2014

Dear Planning Board Members,

Following the comments and concerns expressed during our hearing regarding the proposed redevelopment of the Carriage Shops, One East Pleasant, we have revised the initial proposal and significantly reduced the building footprint. As such, we are no longer seeking a dimensional special permit for building coverage and wish to withdraw, without prejudice, that portion of our Special Permit application SPP2015-00001.”

Thank you,

Kyle Wilson
