<b>SECTION 15.2</b>	<b>APPLICABILITY</b>

**SECTION 15.6      MODIFICATIONS & WAIVERS BY SPECIAL PERMIT**  
**SECTION 15.7      REGULATIONS**

**15.0    NEXUS STATEMENT**

Housing market conditions unique to Amherst have had a long-term detrimental effect on its affordable housing supply. Though a small, rural economic center, Amherst hosts Amherst College, Hampshire College, and the University of Massachusetts. They bring large and growing numbers of faculty, staff, and students seeking housing. They also create unique cultural and educational opportunities for retirees, professionals, and families. The resulting strong housing demand exceeds the existing housing stock, and there is very little remaining buildable land. Together, these forces severely limit the creation and preservation of affordable housing. Their cumulative effect is to diminish the supply of affordable housing in Amherst over time, as documented in Amherst's Housing Production Plan (March 2013) and Amherst Housing Market Study (March 2015).

Therefore, the Town of Amherst finds that, in order to supply housing for its low and moderate income residents, certain types of new market-rate housing development need to include affordable housing. This is consistent with the goals, objectives, and strategies of the 2010 Amherst Master Plan, which encourage mixed-income housing, seek to achieve a diverse and balanced community with housing available for households of all income levels as a matter of basic fairness, and encourage the use of reasonable cost offsets for developers who create affordable units.

**15.1    PURPOSES & INTENT**

The purposes of this Article are to create affordable housing in a lawful, equitable, and effective manner; to foster and support the development activity necessary to provide such housing; to promote the general welfare by providing for an economically integrated and diverse community; and to fulfill the goals of the Amherst Master Plan.

In addition, this Article is intended to serve the following community objectives:

- 15.10 To ensure that new residential developments generate affordable housing as defined in Article 12 of this Bylaw.
- 15.11 To create affordable housing that remains affordable in perpetuity or for the maximum period allowed by law.
- 15.12 To provide for geographic distribution of a full mix of housing types and affordable housing throughout Amherst.

**15.2    APPLICABILITY**

- 15.20 Any development (including but not limited to town houses, apartments, mixed-use buildings, Cluster Developments, PURDs, and OSCDs) resulting in 10 or more new dwelling units shall include simultaneous construction of affordable housing.

- 15.21 "New dwelling units" means any combination of units located in new buildings or additions to existing buildings, and any net increase in units resulting from reconstruction of existing buildings, except for units resulting from:
- 15.210 Affordable housing developments under M.G.L. Chapter 40B.
  - 15.211 Conventional Residential Subdivision Developments under Section 4.2.
  - 15.212 Any use permitted under Section 3.326 in the R-F District.
  - 15.213 Institutional Uses under Section 3.33 containing residential dwelling units.
  - 15.214 Housing constructed by a public agency or non-profit corporation using a federal, state, or local housing assistance program. Such housing may adhere to the requirements set forth by the funding agency provided that the purposes of these regulations are met.
  - 15.215 Replacement of units after damage or destruction by fire, water, or natural disaster.
- 15.22 For the purposes of this Article, the Permit Granting Board or Special Permit Granting Authority authorized to issue the permit for the residential development under Section 3.3, Use Classification and Standards, or Article 4, Development Methods, shall be referred to as the "approving board."
- 15.23 Affordable housing resulting from this Article 15 shall be administered by the Town of Amherst, its designee, or other agency acceptable to the approving board.

### **15.3 AFFORDABLE UNITS**

- 15.30 Number of Units. The required number of affordable units shall be 10 percent of the total units proposed, as calculated prior to the addition of any market rate offset units. If any calculation under this Article results in a fraction of a dwelling units, the result shall be rounded up to the next whole number for a fraction of 0.5 or greater, or down to the nearest whole number for a fraction less than 0.5.
- 15.31 Type of Units. Affordable housing units may be units for ownership or rent or any combination thereof approved by the approving board. All affordable units shall be Low Income units as defined under Article 12, except that in the B-G, B-VC, B-N districts, and those B-L districts abutting the B-G zoning district, the required affordable units may be Low Income or Moderate Income units as defined under Article 12, or both, as may be approved.
- 15.32 In the R-G District, the default Additional Lot Area/Family requirement of 2,500 sq. ft. per unit in Article 6, Table 3, Dimensional Regulations, shall apply to the total number of units in the project, as counted prior to the addition of any market rate offset units (see Section 15.4). Footnote m. shall not apply to residential uses or developments subject to this Article.

- 15.33 Location. Affordable units shall be dispersed throughout same premises as the proposed development ("on-site units"). On-site affordable units are required. No more than 50 percent of affordable units may be permitted to be located off-site by Special Permit under Section 15.60.

- 15.36 Timing. Construction of and issuance of Certificates of Occupancy for affordable units shall be concurrent with that of market rate units.

#### 15.4 COST OFFSETS & INCENTIVES

For developments where all affordable units are provided on-site, the following provisions apply in all zoning districts unless otherwise provided. The purpose of this section is allow for on-premises market rate cost offset units and to provide for their dimensional needs. If this section and Table 3 of Article 6 conflict, this section controls.

- 15.40 Additional Market Rate Offset Units. For each required affordable housing unit provided on-site, one and one half (1.5) additional market rate offset units shall be allowed.
- 15.41 Multi-Unit Residential Uses. To provide adequate space for market rate offset units in zoning districts where such uses are allowed, the approving board may increase the maximum number of dwelling units per building for multi-family uses under Sections 3.322 and 3.323 (town houses and apartments) to a maximum of 12 units per town house building and 30 units per apartment building. For cluster developments, the approving board may allow a maximum of 70 percent of total project units to be two family detached dwelling units and a maximum of 40% to be attached dwellings.
- 15.42 Lot Area. Table 3 of Article 6 controls the Basic Maximum Lot Area and Additional Lot Area/Family, except that no Additional Lot Area/Family (sq. ft.) is required for market rate offset units in any district. See Section 15.32.
- 15.43 Maximum Building Coverage and Lot Coverage. The Maximum Building Coverage and Maximum Lot Coverage allowed by right shall be increased as follows to meet the dimensional needs of additional market rate cost offset units:

R-N, R-O, R-LD	+5 percentage points
R-VC, R-G	+10 percentage points
B-G, B-L, B-VC, B-N, COM	+15 percentage points.

[Example: Maximum building coverage is 35% by right in the B-VC District. Adding 15 percentage points would result in a new maximum building coverage of 50%.]

The only exception shall be that in the B-G and abutting B-L zoning districts, Maximum Lot Coverage shall not exceed 95 percent.

15.44 Maximum Height. In any district, the maximum height allowed by right under Table 3 of Article 6 shall be increased by 10 feet.

15.60 Off-site affordable units may be allowed for projects principally located in the B-G, B-VC, B-N, and those B-L districts abutting the B-G District. Off-site units shall be located within the same zoning district, or within 500 feet of the premises of the development, subject to the provisions of Section 15.34, 15.35, and 15.36, inclusive.

15.630 The development with the proposed modifications or waivers will serve the Purposes and Intent of this Article better than without; and

15.631 The proposed modifications or waivers would neither nullify nor substantially derogate from the Purposes and Intent of this Article, nor would they result in any other substantial detriment to the public good; and

15.632 The provisions of this Article would impose extreme hardship, financial or otherwise, that would otherwise render the project impossible.

15.64 The Special Permit Granting Authority may require the submission of whatever financial or other project-related documentation and information it deems necessary to make its

determinations, including obtaining the services of an outside consultant under the provisions of MGL Ch. 44, Section 53G.

To see if the Town will authorize earned sick leave for all part-time, non-benefited Town employees, on the same basis as the voters of Massachusetts required by referendum in November, 2014, for employees of firms with eleven (11) or more employees, i.e. such employees are entitled to earn and use one hour of sick time for every 30 hours worked, and would begin accruing those hours on the date of hire or on July 1, 2015, whichever is later, and to see if the Town will appropriate the funds necessary.

An employee could begin to use earned sick time on the 90<sup>th</sup> day after hire. An employee could use earned sick time, if required, to miss work in order:

- (1) To care for a physical or mental illness, injury, or medical condition affecting the employee or the employee's child, spouse, parent, or parent of a spouse;
- (2) To attend routine medical appointments of the employee or the employee's child, spouse, parent, or parent of a spouse; or
- (3) To address the effects of domestic violence on the employee or the employee's dependent child.

Earned paid sick time would be compensated at the same hourly rate paid to the employee when the sick time is used.

Employees could carry over up to 40 hours of unused sick time to the next calendar year, but could not use more than 40 hours in a calendar year.

If an employee missed work for a reason eligible for earned sick time, but agreed with the supervisor to work the same number of hours or shifts in the same or next pay period, the employee would not have to use earned sick time for the missed time, and the Town would not have to pay for that missed time. Supervisors would be prohibited from requiring such an employee to work additional hours to make up for missed time, or to find a replacement employee. The Town would not have to pay employees for unused sick time at the end of their employment.

Supervisors would be prohibited from interfering with or retaliating based on an employee's exercise of earned sick time rights, and from retaliating based on an employee's support of another employee's exercise of such rights.

This article would not override the Town's obligations under any contract or benefit plan with more generous provisions than those proposed here.

**ARTICLE 27. Petition – Mill Street Bridge**  
**(O'Connor et al)**

---

To see if the Town will vote to request that the Select Board and Town Manager direct the Superintendent of Public Works and/or Town Engineer to prepare and submit to the Massachusetts Department of Transportation District #2 and Boston offices a request and plan to reopen the Mill Street Bridge in front of the Puffers Pond Dam for unsignalized, one-lane, two-way traffic while the Town awaits repair/reconstruction of that bridge.

**ARTICLE 28. Petition – Resolution Towards a Human Rights Culture**  
**(Wronka et al)**

---

WHEREAS, Article VI, Clause 2 of the US Constitution asserts: “All treaties made or shall be made...shall become the Supreme Law of the Land and the judges in every state shall be bound thereby...”;

And, WHEREAS, the UN Charter, the Universal Declaration of Human Rights, as the authoritative statement of customary international law, and major UN human rights conventions have the status of international treaty,

NOW THEREFORE BE IT RESOLVED: The Town of Amherst calls upon all federal state, and municipal legislative, executive, and judicial bodies to sign, ratify, and implement such conventions as they presently exist and evolve. This warrant article will be deposited with Representative Elizabeth Warren; President Obama; Samantha Powers, US Representative to the UN; Senator Bob Corker, Chair of the Senate Foreign Relations Committee; Charlie Baker, Governor of Massachusetts and other policy makers as appropriate in order that they take positive steps in that direction. Doing so, would be a step towards creating a human rights culture among the general populace, a “lived awareness” of human rights principles in our minds and hearts and carried into our everyday lives, ultimately resulting in socially just policies, where every person, everywhere can live with dignity and have their human rights realized.

**ARTICLE 30. Petition – Resolution in Opposition to Construction of Proposed TGP Pipeline  
(Perkins et al)**

---

To see if the Town will vote to adopt the following resolution:

WHEREAS, a proposed high pressure pipeline carrying natural gas obtained through hydraulic fracturing (“fracked gas”), currently called the ‘Northeast Energy Direct’ project, of Kinder Morgan/Tennessee Gas Pipeline Company, L.L.C. (the “TGP Pipeline”), would run through many communities in western Massachusetts;

WHEREAS, additional plans for other such new or expanded fracked gas pipelines have been proposed for other locations in the Commonwealth;

WHEREAS, the New England governors previously proposed a utility bill tariff or tax to help pay for new pipeline construction, which would have required ratepayers to invest in more fossil fuel infrastructure, although the prior Massachusetts administration stepped back from that proposal;

WHEREAS, in addition to the inherent risks of high pressure gas pipelines – possible ruptures, fires and explosions, and possible impacts to sensitive areas along the pipeline route – fracked gas may carry additional risks of hydraulic fracturing (“fracking”) chemicals; recognizing as well the added environmental burdens for communities that are the site of the fracking;

WHEREAS, there is growing concern regarding the impact of methane, the main component of natural gas, on global climate change, from gas leaks at drilling sites and along pipelines, in addition to the impact of the carbon dioxide produced when the gas is burned;

WHEREAS, instead of increasing our dependency on fossil fuels like natural gas, we are better served by embracing and strengthening the Commonwealth’s commitments to combating global climate change through increased energy efficiency and renewable energy; and

WHEREAS, the Town of Amherst has a direct interest in protecting public health, public land and the environment in the Pioneer Valley, the Commonwealth, New England and our shared world;

NOW, THEREFORE, BE IT RESOLVED that the Town of Amherst through its Representative Town Meeting:

- 1) Opposes the construction of the proposed TGP Pipeline and any such new or expanded pipelines carrying fracked gas in the Commonwealth;
- 2) Opposes any tariffs that may be imposed on Massachusetts ratepayers to fund the TGP Pipeline or other such new or expanded fracked gas pipelines;
- 3) Stands in solidarity with communities opposing the TGP Pipeline and other such pipelines; and
- 4) Asks that our state and federal representatives and the Governor oppose the TGP Pipeline and any other such new or expanded pipelines carrying fracked gas in the Commonwealth and oppose any tariffs or taxes that may be imposed on ratepayers to fund any of the same; and

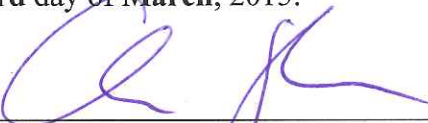

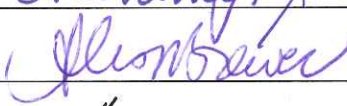

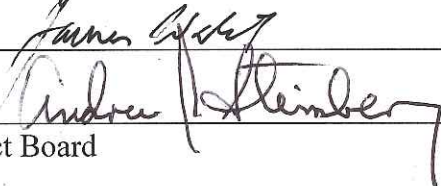

BE IT FURTHER RESOLVED that the Town Clerk shall, five days after the dissolution of Town Meeting, forward a copy of this resolution and the vote thereon to Governor Charlie Baker, President of the Senate Stanley Rosenberg, State Representative Ellen Story, Senator Elizabeth Warren, Senator Edward Markey, Congressman James McGovern, and the chair and commissioners of the Federal Energy Regulatory Commission.

You are hereby directed to serve this call by posting attested copies thereof at the usual places:
