Area(s) Form No.

E AMH.1085

Recommended for listing in the National Register of Historic Places.
If checked, you must attach a completed National Register Criteria Statement form.

Use as much space as necessary to complete the following entries, allowing text to flow onto additional continuation sheets.

ARCHITECTURAL DESCRIPTION:

Describe architectural features. Evaluate the characteristics of this building in terms of other buildings within the community.

Typical 1950s ranch-style home, similar to nearby 136 Lincoln Ave and built the same year (1953). Single-story, horizontal design with centrally placed front door (with no decorative sidelights such as at 136 Lincoln) and left-oriented wide chimney. A large picture window appears on the left of the doorway. Two smaller windows balance the other side of the door; one narrow and the same length as the picture window, the other squat and square. A single-space garage is attached to the building on its southern end and is placed slightly back from the edge of the façade. An addition was built at the back of the building around 2006. It is also likely that the vinyl siding has replaced earlier clapboard siding.

HISTORICAL NARRATIVE

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.

First owners to appear own Town property card are Harold and Loreen Hurston.
