

Article 39 – Good Evening from TJTOCCC

Article 39

**Resolution for Amherst to
stand by the
Paris Climate Agreement**

What is the Paris Climate Agreement?

■ Ratified (146) ■ Signed (48)
■ Not signed/Withdrawing (3)

UNITED NATIONS
**PARIS CLIMATE
AGREEMENT**
SIGNING CEREMONY
— 22 APRIL 2016 —

Support the Paris Climate Agreement

ARTICLE 39

1/3 of the US supports the Paris Climate Agreement.

The US is the second most CO₂ emitting country in the world.

"The world won't fix itself."

Article 39*

Climate Change

- Trillions of tons of ice have melted already.
- Millions of tons of CO₂ are currently being emitted into our atmosphere.
- Since the year 2000 the sea level has risen about 25 centimeters.
- Not acting on climate change is costing the US billions.

We got all our information about climate change on a website called **The World Counts**
Here is their link: <http://www.theworldcounts.com/>

"We will not watch the world wither away to Climate Change."

*-Christian Fadel

Article 39

We are 28 ARMS 7th graders from Team Jaguar who firmly believe in opposing climate change. President Trump has announced that the US will no longer be part of the Paris Climate Agreement (see below), and we firmly disagree with his decision. Therefore, we, the members of the Team Jaguar Takes On Climate Change Committee (TJTOCCC), are trying to have the Town of Amherst adopt the goal of the latter part of the Agreement.

This would also raise awareness of the issue, as the article and vote would be sent via mail to all of Amherst's representatives.

The Paris Climate Agreement

The Paris Climate Agreement was to keep global temperature rise under 2° C and to reduce carbon emissions by 26 to 28 percent below 2005 levels by 2025.

Some Towns and Cities Supporting the Paris Climate Agreement

Possible Next Steps for Amherst

Please Pass this Resolution for Our Future
