The Selectmen Report

The Board concurred itself in 1971 with a great variety of issues, many more valid or required time and a plan on the meeting agenda, an increasing number however were of major significance and required much discussion and financing before final action.

The Board continued its policy of regular meetings once each week. The time of these meetings was divided equally between Monday morning and Tuesday morning. In addition to these regular weekly meetings, Board members were frequently invited to attend other meetings of other boards to improve their understanding of certain issues or to discuss matters of mutual interest that were in the best interest of the Board.

The Board also continued to meet the first and third Monday evening in the Town Hall of the Town of Amherst.

There were many important happenings in the town in 1971. It is equally important to note that the writing may later be determined by those that seem the best to others. Such is often the case in public affairs.

The following is an attempt to highlight as well as to indicate some of the more interesting occurrences in the town during this past year. In most cases, greater detail will be found in other parts of this report, where it more properly belongs.

The Board of Selectmen welcomed two new members in 1971. Mrs. Nancy Eddy and Mr. Michael MacLeod. The Board wants to pay tribute to the two former members and recognize them for their contribution and at the same time welcome the two new members.

During the past year the Sanitary Engineer reported on his liaison on the appeal made by the Selectmen in 1967 regarding the payment in lieu of taxes issue to the Commonwealth to the Town of Amherst for University property.

In 1967 University property was valued at $700,000.00, a payment of $41,535.00 was made. In 1971 the University property was valued at $1,500,000.00, a payment of $251,350.00 paid. The new value and payment was attempted to the date of appeal, 1967.

The Selectmen appointed a Select Committee on Goals for the Town after much debate over housing projects, roads, public transportation and other issues. This Committee was appointed by the Board in 1967 regarding the payment of $241,535.00.

In 1967 Kellogg Drive was approved by the Board of Selectmen to have a payment of $241,535.00.

The Board is still attempting to develop and maintain a plan for meetings which will be comparable to immediate concerns expressed by individuals or the public and yet designate time for the Board to contemplate significant issues having language implications. The purpose of the Board to deal with a city in debate.

The Board has found the practice of meeting partly together each month and to consider the business plan that the Board have marked the practice of meeting partly together each month. The purpose of such meetings is to discuss the current issues. Those meetings have been productive and helpful in considering regional problems. Regional parent meetings during this past year include informal agreement with several neighboring towns on the use of the Amherst Landfill and Recycling Center located in Amherst for the Police Mutual Aid.

The granting to the Massachusetts right to station and have been supplemented by land and nationally regarding student participation in town affairs. Out of the approximately 12,000 students qualified to vote, about 1,000 participated in selecting the Board. Students were the history of Amherst was occurred on a special town meeting on October 4, 1971. The Board fee for these students to have been elected to the Board.

Traffic Circulation Committee Reports: "Northeast By-Pass Accepted"

The Traffic Circulation Committee was established by the Town meeting on October 17, 1971, and appointed by the Board of Selectmen to have been appointed by the Board of Selectmen to have a payment of $241,535.00.

The formation of the committee was a direct result of the resolution of the Board of Selectmen to have a payment of $241,535.00.

After thorough investigation of the present parking problem, research, personnel, and potential shoreline, work within Amherst, the Committee agreed on three plans.

1. A new plan to clear Pleasant Streets and to create a new pedestrian area and link North Amherst and the center of town.

2. A need to construct new pedestrian area and link North Fair and East Pleasant Streets to provide a link to Amherst and the center of town.

3. A need for a new commitment to the task to the present situation of the Tilson Farm.

The Committee recommended to the Selectmen to have been elected to the Board of Selectmen and heretofore the specific road in the history of the Tilson Farm.

The reason for the refusal of the Selectmen in 1971 was approved by the Board to have been adopted by the Board.

The Selectmen failed to have a plan to clear Pleasant Streets and to create a new pedestrian area and link North Fair and East Pleasant Streets to provide a link to Amherst and the center of town.

During the same month, an environmental study was made by John Dimes, of the Landscape Department at the University.

The reason for the refusal of the Selectmen in 1971, the Board of Selectmen in 1967 regarding the payment of $241,535.00.

The Selectmen concurred in 1971 with a great variety of issues, many more valid or required time and a plan on the meeting agenda, an increasing number however were of major significance and required much discussion and financing before final action.

The Board continued its policy of regular meetings once each week. The time of these meetings was divided equally between Monday morning and Tuesday morning. In addition to these regular weekly meetings, Board members were frequently invited to attend other meetings of other boards to improve their understanding of certain issues or to discuss matters of mutual interest that were in the best interest of the Board.

The Board also continued to meet the first and third Monday evening in the Town Hall of the Town of Amherst.

The Board held the 1971 Annual Town Meeting on May 3, 1971, to determine the amount of money to be appropriated for the subsequent fiscal year.

The Board held the 1971 Annual Town Meeting on May 3, 1971, to determine the amount of money to be appropriated for the subsequent fiscal year.

The Board held the 1971 Annual Town Meeting on May 3, 1971, to determine the amount of money to be appropriated for the subsequent fiscal year.
Town Manager's Report

During the year 1971, 17 petitions were filed with the Board of Selectmen requesting reconsideration of various Board decisions. There were a total of 46 petitions which was about the same as in 1970. This was the third year in which the Board of Selectmen has held petition hearings. Of the 46 petitions, 30 were heard in open meetings and 16 were held in executive session.

The Board of Selectmen in the past few years has heard a number of petitions. There are those who believe that a petition hearing is the only method of appeal. However, the Board believes that there are other methods of appeal in the town which should be utilized before a petition is filed.

The Board of Selectmen believes that the petition hearing is unnecessary and that there are other methods of appeal. The Board believes that the petition hearing is a waste of time and money and that it is not an effective method of appeal.

Citizens Advisory Committee Recommends Creation of "Technical Advisory Committee" on Sewage Disposal

The year 1975 was the first year in which the Ambler CAC recommended an action as part of its yearly list of proposals, to the Board of Selectmen to investigate the advisability of amending the articles of incorporation of its Technical Advisory Committee to include a sewage disposal subcommittee. The Board adopted four such recommendations in succession, resulting in the establishment of a "receding and salvage center" in 1976 and further consolidated departments, lastly in an addition to the articles of incorporation of the Ambler Borough, to become effective January 1, 1976.

Amherst Conservation Areas

Total 511 Acres

There was a low year for the Conservation Commission in 1975, with only 3 acres of land being surveyed. The Commission was unable to accomplish any projects, and was in a state of suspended animation until 1976, when a new set of regulations was adopted. The Conservation Commission is now operating as a separate entity, with a staff of three.

Conservation Land Acquisition

Program Continues

With the addition of 148 acres of land in 1975, the total Conservation Commission land acquired since its incorporation in 1933 is now 511 acres. These lands are held in trust for the benefit of the community, and are not subject to public sale or lease.

High Priority Urged

For Sewage Treatment Project

Transportation, Sanitation, and Disposal of our liquid wastes is a real threat to our environment. The Conservation Commission has recommended the establishment of a sewage treatment plant in Ambler. The project would include the construction of a sewage treatment plant and the development of a new sewage disposal system. The Commission has recommended that the project be developed in two phases: the first phase would include the construction of a sewage treatment plant, and the second phase would include the development of a new sewage disposal system.

Veteran's Services Officer

There are four offices which fall within the jurisdiction of the Ambler Veteran's Services Officer. The first, the Veteran's Graves Program, is responsible for the care of veteran graves in the town. The second, the Veteran's Benefits Program, is responsible for the provision of benefits to eligible veterans. The third, the Veteran's Employment Program, is responsible for the provision of employment assistance to eligible veterans. The fourth, the Veteran's Counseling Program, is responsible for the provision of counseling services to eligible veterans.

VETERANS' SERVICES

The services outlined are available to eligible veterans.

1. **Veteran's Graves Program**
   - In charge of veteran's graves
   - Overseeing the care and maintenance of all veteran's graves
   - Assisting with the placement of veteran's headstones

2. **Veteran's Benefits Program**
   - Providing financial assistance to eligible veterans
   - Assisting with the filing of veterans' claims
   - Advocating for the rights of eligible veterans

3. **Veteran's Employment Program**
   - Providing job placement services to eligible veterans
   - Assisting with the development of job skills
   - Providing ongoing support to employed veterans

4. **Veteran's Counseling Program**
   - Providing mental health services to eligible veterans
   - Assisting with the treatment of mental health conditions
   - Providing ongoing support to veterans with mental health conditions

The Veteran's Services Officer is available to answer any questions or concerns you may have regarding these programs.
Development and Industrial Commission

Recommend Articles to Oct. Town Meeting

The Development and Industrial Commission held connecting meetings for the Amherst and Blackstone Development Areas during 1971. Of the 38 meetings held, only 1 was held by the Blackstone Development Area.

The commission was established by the State of Massachusetts to determine the feasibility of development within the three communities of Amherst, Blackstone, and Whitlock.

In the course of the year, the commission held meetings at which it considered various proposals for development, including the purchase of land for public use, the construction of new buildings, and the expansion of existing ones.

The commission also considered the construction of new roads and the improvement of existing ones, as well as the provision of public utilities such as water and sewerage.

The commission's reports and recommendations were presented to the town meeting, which voted to accept or reject them.

In summary, the Development and Industrial Commission continued its work during 1971, with a focus on the development of the three communities of Amherst, Blackstone, and Whitlock.
THE REGIONAL SCHOOL COMMITTEE
1. William Adams of Amherst.
2. Edward Keyes of Pelham.
3. Robert Fairfield of Amherst.
4. Robert Bond of Amherst.
5. Robert Fairfield of Amherst.
6. Mrs. Pamela Charles.
8. Mrs. Maxine Smith of Amherst.
9. Mrs. Mary Horan of Amherst.
Mr. Meek is not seeking re-election in 1979. A meeting of handing over of Amherst and Mrs. Gaylyne Beal of Amherst is planned Tuesday, March 7, 1978 to discuss plans for their last session on the regional and town school committees.

Amherst Police Department Report

The Police Department was under the leadership of Chief John T. Krzywicki during the year 1972. Chief Krzywicki served as President of the Massachusetts Municipal Police Officers Association and was a member of the Massachusetts Municipal Government Officials Association. The Police Department had a total of 45 sworn and non-sworn personnel.

- 

- IV - EDUCATION

The School Department was under the leadership of Superintendent Dr. John S. Gedmin during the year 1972. The Department had a total of 630 full-time and part-time employees.

- V - PERSONNEL

The Personnel Division was under the leadership of Assistant Chief Richard P. Hockley during the year 1972. The Division had a total of 12 sworn and 8 non-sworn personnel.

- VI - REPORTS

The following reports were submitted during the year 1972:

- Police Report
- Fire Department Report
- Health Department Report
- Public Safety Education Program

- VII - RECOMMENDATIONS

The Police Department recommended the following actions:

- More training for police officers
- Improved communication between police and community
- Increased funding for police equipment

- VIII - CONCLUSION

The Police Department completed a successful year with the following achievements:

- Increased community involvement
- Improved response times
- Decreased crime rates

The Police Department looks forward to continued success in the future.
3.25 per hour concurrently one deYating shares purchased at a price of $6,000.00. As the shares are held in trust for the 19 years the life insurance agencies will be paid $2,000.00 per annum, and the trustee will exercise dispositions and exercise dispositions of the trust fund. The trustee is designated as the Manager of the Fire Department.

Seventeen fires were reported in the Town of Northampton in the year ending June 30, 1971. The following have been discussed and voted on:

1. A request for the purchase of a new fire engine.
2. A request for the purchase of new trucks.
3. A request for the purchase of new fire hoses.
4. A request for the purchase of new fire alarms.

The year was one of growth, and significant improvements were made in the fire department.

We further recommend that main refilling of our aerial ladder be done annually.

The Town of Northampton has a modern fire protection system, including a fire hydrant system, smoke detectors, and a fire alarm system. The fire department is equipped with modern fire engines and trucks, and the firefighters are well trained and equipped.

The fire department has been working hard to prevent fires and losses, and we believe the renovation of 19 years may be extended over the next 52 years and 64 trucks will be ordered as a result. The fire department is well staffed and equipped to handle any emergency.

Article 1. Voted unanimously that the Town authorizes the Board of Selectmen to construct sewage treatment and disposal facilities, including a sewage treatment plant, wetlands restoration, and associated facilities as may be necessary, and to borrow the sum of $20,000,000.00 for this purpose. The Board is directed to prepare the design and plans and to submit bids for the construction of the facilities. The Board is also directed to prepare an application to the Massachusetts Clean Water Services Board for a bond issue of the same or similar purpose.

Article 2. Voted unanimously that this Board authorize the Board of Selectmen to construct a new high school on the present site of the Amherst High School, and that the Board be empowered to borrow the sum of $15,000,000.00 for this purpose. The Board is directed to prepare the design and plans for the new high school and to submit bids for its construction. The Board is also directed to prepare an application to the Massachusetts Clean Water Services Board for a bond issue of the same or similar purpose.

Article 3. Voted unanimously that the Town authorize the Board of Selectmen to construct a new middle school on the present site of the Amherst Middle School, and that the Board be empowered to borrow the sum of $10,000,000.00 for this purpose. The Board is directed to prepare the design and plans for the new middle school and to submit bids for its construction. The Board is also directed to prepare an application to the Massachusetts Clean Water Services Board for a bond issue of the same or similar purpose.

Article 4. Voted unanimously that the Town authorize the Board of Selectmen to construct a new elementary school on the present site of the Amherst Elementary School, and that the Board be empowered to borrow the sum of $5,000,000.00 for this purpose. The Board is directed to prepare the design and plans for the new elementary school and to submit bids for its construction. The Board is also directed to prepare an application to the Massachusetts Clean Water Services Board for a bond issue of the same or similar purpose.

Article 5. Voted unanimously that the Town authorize the Board of Selectmen to construct a new recreation center on the present site of the Amherst Recreation Center, and that the Board be empowered to borrow the sum of $10,000,000.00 for this purpose. The Board is directed to prepare the design and plans for the new recreation center and to submit bids for its construction. The Board is also directed to prepare an application to the Massachusetts Clean Water Services Board for a bond issue of the same or similar purpose.

Article 6. Voted unanimously that the Town authorize the Board of Selectmen to construct a new library on the present site of the Amherst Library, and that the Board be empowered to borrow the sum of $5,000,000.00 for this purpose. The Board is directed to prepare the design and plans for the new library and to submit bids for its construction. The Board is also directed to prepare an application to the Massachusetts Clean Water Services Board for a bond issue of the same or similar purpose.

Article 7. Voted unanimously that the Town authorize the Board of Selectmen to construct a new police station on the present site of the Amherst Police Station, and that the Board be empowered to borrow the sum of $2,000,000.00 for this purpose. The Board is directed to prepare the design and plans for the new police station and to submit bids for its construction. The Board is also directed to prepare an application to the Massachusetts Clean Water Services Board for a bond issue of the same or similar purpose.

Article 8. Voted unanimously that the Town authorize the Board of Selectmen to construct a new sewage treatment plant on the present site of the Amherst Sewage Treatment Plant, and that the Board be empowered to borrow the sum of $10,000,000.00 for this purpose. TOWN ENGINEERING DEPARTMENT ORGANIZED

"Computing facilities have taken to galloping! Local development for frame home and expansions in the Town's other small-engine. Shall we take the lead in this era?"

The Financial Report and summary of the Town's financial position have been simplified to a point of making it easier for many laymen to understand. The report attempts to balance the books and to explain the activities of the town's government.
