## Plan Changes – Initial Submission August 2022

REV1 – 04/19/2023

Plan changes were made to address Town of Amherst comments dated October 5, 2022.

1. Plan sheets added:
  - C8.01-C8.11 Construction Phasing Exhibits – Plan sheets depict plans for each phase of construction starting at tree clearing. Temporary and permanent controls are provided per phase.
  - C8.12 Permanent Stormwater Detail.
  - C8.13-8.14 Pre and Post development slope maps.
  - C8.15 Earthwork Exhibit – Heat map showing depths of cuts and fills.
2. Wetland flags within the LOD were surveyed and wetland flags provided on the plan.
3. Topography previously provided by LiDAR was supplemented with a ground survey.
4. Existing topography was added to Site Plan sheets (C2.01-2.02)
5. Level spreaders #7-14 previously proposed at the south side of the site were eliminated from the design.

REV2 – 05/26/2023

Plan changes were made to address Town comments provided via email on 05/22/23.

6. Ten (10) foot contour labels were added to the plan.
7. Test pit locations for soils testing were added to the plan.
8. Survey plan notes on Plan Sheet C0.01 were updated.
  - Note #2 now clarifies that the LiDAR survey was supplemented with additional ground survey conducted by Meridian Associates, Inc. (MAI).
  - Note #8 was added to state that wetland flags were located by MAI.
9. Color for setback lines was added to all plan sheets to match legend.
10. The small section of proposed fence and LOD shown in the 200' riverfront boundary of Adams Brook have been pulled back outside the riverfront boundary.
11. Sheet C8.12 – Added Infiltration Trench.
